Funeral services are scheduled Tuesday for Omer E. Scott, 61, of 2200 Harvey Ave., a steelworker and former city dog warden, who died at City Hospital Saturday afternoon a little over an hour after his auto was struck by a locomotive at the Myrtle St. railroad crossing in Klondyke.

His daughter, Deborah Scott, 8, escaped with comparatively minor injuries.

Mr. Scott suffered multiple rib injuries, punctured lungs and a closed fracture of the left leg.

The child was treated at City Hospital for a contusion of the left wrist and abrasions of the left thigh.

Police said Mr. Scott's northbound 1955 sedan was struck by an eastbound Pennsylvania Railroad Co. locomotive operated by Karl F. Manning, 46, of 424 Georgia Ave., Chester. The crash was timed at 3:50. Mr. Scott died at the hospital at 4:55.

Patrolman Paul Blevins made the investigation. He said Manning reported he was en route to Conway, traveling about 25 miles an hour. The locomotive was not pulling any cars, the engineer said.

Manning said he was blowing the locomotive's horn and ringing the bell as he approached the crossing. He said he saw the auto pull onto the crossing from the south side and stop. If the car had continued, it would have cleared the tracks before the locomotive arrived, Manning said.

Manning said he applied the emergency brakes, but the locomotive could not be halted until it was about 75 feet east of the crossing.

Mr. Scott was hurled about 25 feet from his smashed auto. Deborah was found on the

Probe Questions Oswald's Mother

WASHINGTON (AP) — Mrs. Marguerite Oswald takes "new evidence" before the Warren commission today which she says will prove that her son, Lee Harvey Oswald, did not fire the shots that killed John F. Kennedy.

The 56 - year - old practical nurse, who asked for a chance to appear before the presidential tribunal investigating the Kennedy assassination, is expected to contradict testimony made last week by Oswald's 22-year-old widow.

Marina Oswald told the commission, and later a news conference, that she did not like to believe that her husband killed President Kennedy Nov. 22 in Dallas, but the facts would not permit her to reach any other conclusion.

Sessions of the commission, headed by Chief Justice Earl Warren, are closed, but Mrs. Marguerite Oswald told reporters Sunday night:

"I think my son is innocent, and I think I can produce evidence that he is innocent. I have documents, letters and other evidence. I think I can present a good case."

She said she has evidence which has not been brought out previously in the complex probe of the assassination, but refused to explain just what it would show.

Mrs. Oswald said she has been without work since the assassination, but had received $900 in gifts from persons who had written her.

"I've had 1,500 letters protesting the way my son was tried in a few hours and convicted," Mrs. Oswald said.

Oswald was shot down two days after Kennedy's death by Dallas night club operator Jack Ruby.

Underwood Raps Barron During Weirton Address

By CHARLES CRONIN

Swinging into the Northern Panhandle in his drive for the Republican nomination for West Virginia governor, former Gov. Cecil H. Underwood rapped the Democratic administration in Charleston on several fronts in an appearance at the Weirton Community Center Saturday night.

The 41-year-old ex-school teacher had some hard words for Gov. W. W. Barron's administration — particularly on the issue of highway development and industrial climate — at a Lincoln Day gathering of Hancock County Republicans.

—:—

THE VERBAL barbs, however, were subtle for the most part, but a crowd of 320 listening closely interrupted his address 10 times with applause as he cited the lack of a positive program of highway development and an obvious reference to "kickbacks" although the word was not mentioned.

The former chief executive set the tone of his address by declaring: "I am in this campaign to win," at the very start.

While en route to Weirton from Greater Pittsburgh Airport, Underwood said he noticed "yellow stakes had been driven in the ground all along Route 22," and implied that the present administration apparently is thinking of getting down to business on relocation of the Weirton area highway with election time nearing.

U.S. Denies Secret Bid In Panama

Latin Source Says 1962 Agreement Promised Restudy

WASHINGTON (AP)—A high Latin American source has claimed the United States committed itself in 1962 to renegotiating the Panama Canal treaty, but the U.S. State Department says no such agreement was made.

"There is not and never has been a secret governmental agreement between the United States and Panama concerning treaty relationships," a State Department spokesman said in a prepared statement Sunday night.

Earlier, the Latin American source said Panamanian officials told the Inter - American Peace Committee last month that a memorandum signed in 1962 committed the United States to renegotiate the 1903 treaty, under which the United States runs the canal.

Efforts by the committee to set up U.S.-Panama negotiations after rioting Jan. 9 on the Canal Zone border collapsed over U.S. refusal to agree in advance to Panamanian demands that the talks include renegotiation of the treaty.

A committee of the Organization of American States is now looking into Panamanian charges that the United States was an aggressor. The committee is seeking a basis for new U.S.-Panama talks.

"There is no difference in the attitude of the U.S. government today toward treaty revision and that which existed in June 1962," the State Department said.

Police Seek Bombers In Train Wreck

MIAMI, Fla. (AP) — Investigators sought today to track down saboteurs who dynamited a 91-car freight train and a work train derrick of the strike-harassed Florida East Coast Railway.

No one was injured in the blasts Sunday—10 miles apart—which caused damage estimated by W.L. Thornton, the carrier's chief operating officer, at more than $250,000.

"It was definitely sabotage," Thornton said. "I am not implying the unions are to blame. No one knows at this time who did this."

George Leighty, chief negotiator for the 11 striking unions, said "we know absolutely nothing about it." He said union members had been warned not to resort to violence.

The sabotage was the worst directed against the 577-mile railroad, which operates between Jacksonville and Florida City, south of Miami, since the nonoperating unions struck Jan. 23, 1963. Railroad officials said there have been 146 incidents.

About 1,200 union employes struck, idling about 800 others. They demanded the 10.28 cents-an-hour pay raise agreed to by nearly all class one railroads on a national level.

Tax Cut Bill Gets Full-Speed Push

WASHINGTON (AP) — The tax cut bill which will save taxpayers more than $11 billion yearly moves at full speed today to a House-Senate conference and could be signed into law within three weeks.

The final leg of the bill's long Capitol Hill journey starts when conferees representing the Senate and House huddle to consider more than 150 differences in the tax cut versions passed by the two branches.

Although the Senate and House are $500 million apart on over-all reductions, most of their differences are considered minor.

Not in controversy are the cuts for individual and corporate taxpayers.

Taxpayers subject to withholding deductions will have an estimated $800 million more in their pay envelopes every month.

The extra money for 80 million individuals and 550,000 business taxpayers is expected by the administration to give the national economy a shot in the arm to inoculate it against a business slump.

The Senate passed the bill Friday ahead of schedule. Its version called for an $11.6 billion reduction.

The House measure passed Sept. 25 provided for cuts of about $11.1 billion.

Most reductions in both plans would be effective retroactively to Jan. 1 of this year.

Somewhere between the two figures, the conferees hope to reach agreement before Feb. 22.

Dollar Day Set Thursday As New 'Total Promotion'

East Liverpool's first 1964 Dollar Day, planned Thursday, will be a "total downtown promotion."

Part of a broadened promotion program for the new year, the East Liverpool Merchants Association has invited all downtown stores to join in the semi-annual sale instead of limiting it to ELMA members. The number of participating stores is expected to be larger than ever.

The merchants' association is completing plans for the sale, a tradition of more than 40 years and always one of the highlights on the city's merchandising calendar.

Shoppers from all parts of the Tri-State Area will find special values in such lines as men's, women's and children's clothing, furniture, jewelry, hardware, dry goods, appliances and many other items, the merchants' association said.

Participating merchants will display big green, red and white placards and banners in their windows. Suburban housewives in Ohio, West Virginia and

Bill Pushed Toward End Of Struggle

Foes Prepare Fight Against Section On Job Discrimination

WASHINGTON (AP) — The House voted today to cut off debate on the civil rights bill in an effort to bring it to a final vote this afternoon.

Using their heavy majority to stifle Southern talk against the bill, the civil rights forces rammed through a debate limiting motion by 211-73.

But foes of the bill, chiefly southerners, could still cause difficulties and delay in reaching a final roll-call vote.

The House met early and was prepared to sit late in an effort to get the 10-part bill to a final vote.

The biggest question was what final form the employment section might take.

The Southern opposition made only a token effort to knock the section out of the bill during a 10-hour session Saturday and concentrated with some success on amendments designed to make it unwieldy, if not unworkable.

They also succeeded in using up so much time the leadership was forced to abandon its effort to reach a final vote Saturday night.

Republicans, who had hoped to leave town for the start of a week of politicking at Lincoln Day rallies, tried to keep the House in session all night, if necessary, to pass the bill. They failed, 169-159, to keep the legislative session going and then lost 220-175 when they tried to block adjournment.

The long Saturday session was marked by the first successful attempts by Southerners to get amendments approved over the bipartisan forces supporting the bill.

They got enough Republican help to add discrimination based on sex to the bill's ban against discrimination in employment because of race, religion or national origin.

They also won enough Republican support to exempt religious schools from coverage by the proposal and successfully supported a Republican amendment that would prevent any employer who refused to hire an atheist from being charged with discrimination.

SAIGON, Viet Nam (AP) — Two bombs planted by terrorists destroyed a bleachers during a softball game in Pershing Stadium Sunday night. Two U.S. servicemen were killed and 23 other Americans were injured.

An entire American family was injured. The father was kept in the hospital, but his wife and their young daughter were released after treatment. Three other women also were wounded slightly.

Vietnamese police reported they had arrested three suspects in the bombing.

The bombs had been planted under six inches of earth about 20 feet apart beneath the bleachers and presumably were set off electrically by Communist Viet Cong terrorists from some distance away.

Names of the victims have not been released pending notification of their next of kin.

It was feared more such bombings would be directed against Americans in a campaign of terror.

City police said today detainers will be filed with Canton authorities against two city men for theft of $175 worth of appliances from Central Service, 142 W. 7th St., Friday night or early Saturday.

Police Capt. Robert H. Pyle said Sherman Mikeals of Dewey Ave. Ext. and Donald Ingram, 520 1st Ave., were taken into custody late Saturday afternoon in Richmond by officers of the Wintersville barracks of the State Highway Patrol.

Area departments had been alerted by Canton police to be on the lookout for the two men wanted on charges in the Stark County city.

When taken into custody by the patrol officers, appliances taken from Central Service were found in the car, including an AM-FM radio and record player worth $75, an 8-transistor radio valued at $39.95 and four 6 - transistor radios valued at $14.95 each, Capt. Pyle said.

The two are being held in Jefferson County Jail at Steu-

Police Capt. Robert H. Pyle said Sherman Mikeals of Dewey Ave. Ext. and Donald Ingram, 520 1st Ave., were taken into custody late Saturday afternoon in Richmond by officers of the Wintersville barracks of the State Highway Patrol.

Area departments had been alerted by Canton police to be on the lookout for the two men wanted on charges in the Stark County city.

When taken into custody by the patrol officers, appliances taken from Central Service were found in the car, including an AM-FM radio and record player worth $75, an 8-transistor radio valued at $39.95 and four 6 - transistor radios valued at $14.95 each, Capt. Pyle said.

The two are being held in Jefferson County Jail at Steu-

Negroes Visit Whites In Cleveland Project

CLEVELAND (AP) — The Community Relations Board says about 1,500 Negroes visited 270 white homes in the greater Cleveland area Sunday in the second inter-racial home visitation program.

In the previous program last November white residents visited Negro homes. The board considers the home visit program an effective method of attacking the city's racial problems.

Chester Scouts Given Awards At Church Service

Lee Swearingen, 15, and Robert Pallard, 17, of Boy Scout Troop 27 of the Westminster United Presbyterian Church at Chester, received the God and Country award at morning worship Sunday.

Swearingen is the son of Mr. and Mrs. James Swearingen of Chester R. D. 2, and Pallard's parents are Mr. and Mrs. Robert Pallard, 564 Florida Ave., Chester.

Eugene Seeley, chairman of the Christian education committee, introduced the boys and related their work. The awards were pinned by the mothers of the scouts.

Requirements for the awards included a study and knowledge of various Scripture, participation in five areas of Christian living — faith, witness, world outreach, citizenship and service project. They also performed many tasks about the church as service projects. The Rev. William Claghorn, pastor, said the boys participated in the program for about a year and a half.

Tonight at 7:30 at the church, Swearingen will receive the highest award — Eagle Scout. Pallard received this award in 1962.

Trial Due 27 Nabbed On Gambling Charges

WOOSTER, Ohio (AP)—Trial has been set for next Monday in Municipal Court for 22 men and 5 women arrested in a gambling raid at a Wooster apartment Friday night.

Police said most of those charged with gambling were from Canton and Massillon but that some were from Cleveland, Toledo, Norwalk and Wooster. Two persons were charged with permitting gambling and were freed on $1,000 bond each. Judge William J. Sharp Jr. set bond for the others at $500. All posted bond and were freed.

Sweet Adelines Pick Competition Group

Delegates to the annual competition of Region 14 were named when Sweet Adelines, Inc., met Friday night in the Potters Savings & Loan Co. annex.

Mrs. Ruth Rinehart will attend the business sessions as delegate and Miss Norma Jones as junior council member at the event March 6-8 at the Sheraton-Park Hotel in Washington.

Glenn Woods, director, conducted a rehearsal and announced seating arrangements. Stage presence was emphasized.

The dress rehearsal is scheduled Feb. 28. Miss Beverly Hayes was a guest. Next session will be Friday.

Gun Duel Kills 2 Men At Portsmouth Legion

MIDDLETOWN, Ohio (AP)—Police maintained their guard today over Joe Davis, 30, who is in Middletown Hospital with wounds suffered in a gun fight that caused the death of two men.

Police said the gun duel between Davis and Eddie Atkins, 31, broke out early Saturday during a quarrel at an American Legion post. Atkins and Carl Easter, 44, were wounded fatally while Davis and two other men suffered lesser injuries. No charges have been filed so far.

Japan, Russia Boost Trade Terms For '64

TOKYO (AP)—Japan and the Soviet Union today signed an agreement calling for $142 million in Japanese exports to the Soviet Union and the sale of $130 million in Soviet goods to Japan in 1964.

The agreement sets the trade volume for the second year of a three-year Japan-Soviet trade agreement. Its terms represent a 16 per cent increase in Japanese exports to Russia and a 13 per cent increase in Russian sales to Japan over the previous year.

17 Killed In Formosa Coal Mine Explosion

TAIPEI, Formosa (AP)—All 17 workmen trapped by an explosion Sunday at the Shui Kang Coal Mine near the North Formosa town of Keelung were killed.

Chinese Nationalist police announced today the bodies of the men had been recovered. The men were working at the bottom of a 3,000-foot shaft when the blast occurred.

Some Agencies, Banks To Close For Lincoln Day

A number of public agencies and offices will be closed Wednesday in observance of Lincoln's birthday, along with banks and several financial institutions.

Closed will be the Potters Bank & Trust Co. and the First National Bank of East Liverpool and Central Federal Savings & Loan Association and the Perpetual Savings & Loan Co. of Wellsville.

The Ohio State Employment Service office also will be closed with Wednesday's claimants reporting Tuesday.

Whether the City Hall is to close will be decided by Tuesday but Municipal Court will be closed. Parking meters will operate as normal.

The Columbiana County Courthouse at Lisbon, will be closed as it is a legal holiday for the county offices.

The driver's license examination station at Lisbon will be closed both Wednesday and Feb. 22, the State Highway Patrol announced.

The Hancock County Courthouse in New Cumberland will be closed Wednesday and also for Washington's birthday Feb. 22.

State Liquor stores in East Liverpool and Wellsville will be closed for both Lincoln's and Washington's birthdays.

The West Virginia State Liquor Store in Chester will be closed.

Pertinent Remarks From Wheeling

It long has been our feeling — and the feeling of many others — that gambling and vice create a climate which tends to drive away new industry.

It was with interest, therefore, that we read the observations of a group of Wheeling business executives relative to the situation in that West Virginia community.

The comments were touched off by a survey conducted by the Wheeling News-Register after Forrest Kirkpatirck of the Wheeling Steel Corp. had charged in a speech that Wheeling has become a "black spot" in West Virginia's northern Panhandle.

The executives contacted agreed wholeheartedly. Among their remarks were these:

"Wheeling residents realize crime is a problem, but they won't take the trouble to get rid of it . . . ."

"You can blame the average citizen, who thinks nothing of going down and buying an illegal drink . . . ."

"I am glad to see someone (Kirkpatrick) make a frank and pointed statement of the facts we're all aware of . . . ."

The Wheeling story can't be ignored by any community or any area which hopes to attract industry and move ahead.

It's certainly another forceful reason why East Liverpool officials should continue to keep the lid clamped tightly on all illegal operations.

It's certainly another forceful reason why Columbiana County officials should do likewise.

And it's certainly another forceful reason why our end of the northern Panhandle should take another look at itself.

Being Prepared

It's a privilege once more to salute all district Boy Scouts as they observe their "Week".

Through active and dedicated participation on the youngsters' part and under the guidance of capable leaders another outstanding year has gone into the record and the program has continued to expand in the Columbiana Council and in neighboring councils.

More than ever, Scouting stands high as one of the endeavors which help our youngsters move in the right direction as they prepare for the tirals and tribulations which lie ahead when they make the transition into the "Adult Citizen" classification.

Those who approach Scouting with the sincerity and devotion which it deserves will be the better for having done so. They not only will "Be Prepared" for Scouting, but for the future as well.

France Wants To Recoup

Memories are short. Before France sustained defeat at Biendienphu in 1954, nearly 100,000 Frenchmen were killed or missing in a losing battle with forces supplied by Chinese Communists.

Another 140,000 Frenchmen had been wounded. Five billion dollars had been wasted in a losing cause, besides another $2 billion poured in by the United States.

French investments in Indochina totaling more than $2 billion were in danger. French militarism had lost face, and French colonialism was shattered. A substantial trade relationship was in jeopardy.

Today, France still is South Viet Nam's largest customer. Students from South Viet Nam flock to Paris to complete their studies. North Viet Nam maintains a trade delegation in Paris. France is in a position to recoup its staggering losses.

FRENCH PRESIDENT de Gaulle is not acting on a wild impulse. According to his lights as a soldier-diplomat, he is acting on the sanest impulse the head of a state can have—survival of the society he is in charge of saving for posterity.

He says there can be no peace and no war in Southeast Asia without taking the 800-million-odd inhabitants of mainland China into account. No one disputes this —not India, not South Viet Nam, nor Laos, Cambodia, the Soviet Union, Japan, or the United States.

But only President de Gaulle, of all the national leaders concerned, has resolved to do something about peace in a way that conceivably could bring about a rearrangement of international relations.

PERHAPS the most penetrating comment has been made by Clare Boothe Luce in her facetious program for political preferment—"I am for victory in Viet Nam without any increase in U.S. casualties or expenditures. I am also for neutralization of Viet Nam as soon as Gen. de Gaulle apologizes for having suggested it."

By Martin Miller

Letter From Max

Dear Truman Twill:

You probably saw the presidential campaign platform written by Clare Boothe Luce, former Republican congresswoman, ambassador to Italy and playwright. She was supposed to be joking, but do you think she really was? Much truth is often spoken in jest, you know.

You were holding forth awhile ago about how nobody should write anything unless he knows what he is talking about. If you really mean that, it would silence the entire world. Come to think of it, maybe this is what you want.

As the campaign progresses, or retrogresses, your platform beliefs will become apparent and, just to keep you from wondering too much about mine, this letter will outline a few.

What we both have to keep in mind is that neither of us is Clare Boothe Luce. Anybody will tell you that, especially Mr. Luce.

FOR INSTANCE, Mrs. Luce said, "I am for lifting everyone off the social bottom. In fact, I am for doing away with the social bottom altogether."

My plan is better than hers on that issue. I not only am for doing away with the bottom but with the top. The big advantage of my plan is that it would leave everybody in the middle, which is where they usually are anyhow.

Her reference to the "social bottom" may not have meant the same as the economic bottom, but it smacks of recent talk of eliminating poverty.

All this talk of eliminating poverty is reminiscent of writer Upton Sinclair's ill-fated 1934 depression campaign for the governorship of California in his "EPIC" campaign to "End Poverty In California."

He was hooted off the stage into the wings.

On the other hand, if Mrs. Luce is using the word "social" in its broadest meaning, here is a quote from the late Goldsworth Lowes Dickinson, British essayist, which might be pertinent:

"Every kind of discrimination is a protection of the incompetent against the competent, with the result that the motive to become competent is taken away."

You understand that I just quote these gentlemen; I don't explain what they say and don't even necessarily agree or comprehend what they are talking about.

HERE IS another one you might get something from:

"An expert is a person who avoids the small errors as he sweeps on to the grand fallacy."

That was by Benjamin Stolberg.

And whatever happened to some of those old political slogans? Such as—"The full dinner pail," "Two chickens in every pot," "Two cars in every garage."

If that last one were ever carried out it would mean the biggest garage-building spree in the nation's history.

If you promise not to tell either Mr. or Mrs. Luce, I have a confession to make about Luce publications.

Every time I read them, I wonder if I am a victim of "Luce" thinking.

Faithfully yours,
MAX

College kids in Detroit rated a picture when 28 got aboard a certain foreign car whose name starts with V. As the owner of one of these remarkable little things, I am prepared for the worst.

These little cars have been getting kicked in the bumpers ever since they first got attention in New England by climbing hills in winter when heavy cars of conventional design were spinning their wheels.

They are the first auto since Henry Ford's Model T to draw the ridicule that made the T so much fun on wheels. Owning one is like owning a two-headed calf: Everybody wants to talk about it.

For a few years, owners who felt defensive bought imitation windup keys that could be fastened to the back of the car, to make it look like a toy. Jokes about the cars, though not as slapsticky as Ford jokes used to be, are definitely on the flaky side.

THERE IS EVEN one canard that the cars will float in water, which is ridiculous. They will float all right, but it isn't true that you can use them for water transportation. They sink when their glove compartments get full.

What they are good for is tobogganing. When the snow gets deep, I go tobogganing in mine. But a word of caution. It is of the greatest importance to keep moving.

Otherwise, the car will bury itself, due to the fact its wheels are not retractable. They will seek ground when the car's forward motion stops. This will pack the snow beneath their hard little bellies and the tobogganeer will smother in a snowdrift.

Last time it happened to me, escape had to be made through the window, because both doors were held shut by the pressure of the snowbank into which the thing had burrowed.

We had a Model T in our family, and it was good for a thousand laughs.

Now its place has been taken by this up-to-date compact that people tell jokes about and play jokes on. It's funny, all right. We laugh all the way from one gas station to another, sometimes more than 300 miles.

It's Going To Take Quite An Act

Foreign Service Reorganization Urged

By Raymond Moley

A nationally known and thoroughly experienced Republican told me recently of the responses he has received from the crowds before which he has been making speeches critical of the Johnson administration. He says that attacks on the present budget, on wheeler-dealing in government, on federal welfare programs and even on Communism in Latin America, Africa, and Asia elicit lukewarm responses.

But when he recently got to the real reason why our foreign affairs are going so badly, the public response was terrific. When he says that our State Department and our foreign service need a Republican president and secretary of state who will clean out and reorganize the present bureaucracy he gets enthusiastic applause.

In this, the public shows itself to be far ahead of most of our opposition political leaders and also the President and the secretary of state.

THE BLUNDERS that lost Cuba and are losing our control of our own Panama Canal, that contribute to the slaughter of American boys in Viet Nam and the mess in the Congo are not always due to bad decisions by a President. He is the prisoner of the people who give him advice. The real mischief is done down below by the bureaucracy.

The last secretary of state who really ran his own department served 40 years ago. It was Charles Evans Hughes.

Secretary Stimson and his bureaucrats busied themselves in creating the Manchurian policy which led to our war with Japan.

President Hoover, occupied in fighting the depression, had little responsibility for foreign policy and has said that he realized later that it was a mistake.

When Cordell Hull accepted the job of secretary of state, he specifically told FDR that he would not be responsibile for the administration of the State Department. He wanted only to impose his ideas about lower tariffs.

And so it went until John Foster Dulles took over in 1953. But Dulles spent his time traveling abroad to conferences. The department ran itself.

DURING THAT time the bureaucrats on "the fourth floor" helped Castro get control of Cuba. The two ambassadors to Cuba, Gardner and Smith, tried to get through to Dulles and Eisenhower with their story, but were prevented from doing so by the bureaucrats.

Sen. Henry M. Jackson's subcommittee on National Security Staffing and operations has been at work for months on a study of the administration of national security at home and abroad. From time to time it has published highly informative testimony of active and retired ambassadors.

This has revealed very serious defects in the administration of foreign affairs as they have appeared to individuals with actual experience.

More recently the subcommittee has issued a report of its own concerning the office of secretary of state. It states bluntly facts which show how completely the secretary is hemmed in by his bureaucracy. Secretary Rusk himself, former Undersecretary of State Robert A. Lovett, and certain ambassadors have confirmed this situation.

IT'S APPARENT that the layer of officials, the innumerable committees, the interrelation with other agencies such as the Defense Department, AID, USIA, and CIA all create completely unwieldly machinery. The wonder is that any policy can be effectively implemented at all.

The Jackson report says: "At the heart of a secretary of state's dilemma is his department.

"The department's growth would dismay even Mr. Parkinson. On the eve of our entry into World War II the department employed less than 6,200 at home and overseas. Today more than 24,000 are on the rolls (roughly 7,000 serving in the United States, and 17,000 abroad, including about 10,000 foreign nationals recruited locally). . . .

"In the vast new State building a secretary sits amidst 2 under secretaries and 2 deputy under secretaries, 12 assistant secretaries or their equivalent in charge of 13 bureaus, over 30 deputy assistant secretaries, more than 60 area and other office directors, and over 90 country desk officers, together with assorted advisers and special asistants, counselors and inspector generals, and emissaries from the agencies that lie only partly within the secretary's jurisdiction."

WHAT THE REPORT, since it is non-partisan, does not say is that mere tinkering with this organization cannot suffice. What is needed is a new president who will, through a powerful secretary of state, reorganize the whole machinery from top to botton. Nothing short of a major operation will do. This should be a major issue in this year's presidential campaign.

All-Girl Government

By Gene Winski

Now that Sen. Margaret Chase Smith has entered the presidential race, gagsters will have a field day.

Nevertheless, there are serious considerations that would result from a woman's occupying the White House as president, that is.

There is the matter of appointing a cabinet. Who would blame a lady president if she appointed all women?

Consider, first, the secretary of state, one of the most demanding cabinet posts. The woman who occupies it should be at home in wash-and-wear fabrics. She should be able to travel great distances and look as fresh and chic when she steps off a plane in Buongowngoland as if she had spent the afternoon primping.

For secretary of treasury, a woman who knows her way around the bargain counters would be needed.

Secretary of defense? Whoever heard of a better defense than a hat pin?

The attorney general should be a woman with considerable experience with laws. A woman who has served her club long and faithfully as parliamentarian should be able to handle it.

The postmaster general's job is easy. What girl hasn't played postoffice or doesn't know the meaning of SWAK?

SECRETARY OF INTERIOR should be a woman who likes to decorate her own home. She should know where touches of green are needed on the landscape or where a blue swatch would add to the attractiveness of a map.

Secretary of agriculture is one area where the president might have difficulty. Winning a minimum number of blue ribbons in garden club shows would help narrow the field, though.

Secretary of commerce is beset by complaints. Any department store clerk who has survived more than one day-after-Christmas rush should be considered for this job.

A secretary of labor should be experienced in personnel problems. How well a woman has handled her own maid, chauffer, gardener and cook should give a good indication.

Oveta Culp Hobby was the first secretary of health, education and welfare. Perhaps she would be available again. If not, the job should go to some woman an active in PTA and sorority work and who keeps a tidy medicine cabinet.

March Of Dimes Program Explained

As Columbiana County chairman for the Mothers March of Dimes, I find that each year it becomes just a little harder to find workers who are willing to give of their time for our drive.

In the past years we have depended mostly upon the same group of wonderful people who always seem to find the time to add one more job to their busy day. When it comes to thanking them it always seems hard to find just the right words, but perhaps their biggest thanks comes in knowing they have done something to help a child who might otherwise never know the joy of being able to walk again, or who might be plagued with the torture of twisted bodies wracked with arthritis, or maybe in some way they may have helped with the research that goes on endlessly to fight against the birth defects that cripple thousands of children every year before they even have a chance to begin a normal life.

WE HAVE been asked why we do not belong to the Community Fund. Many people believe that they are giving to the March of Dimes when they donate to this fund, but this is not the case.

Our organization is a national one. Because of this fact, they must have a budget to operate efficiently. We need a certain percentage for research, a certain percentage to maintain our special care centers a limited amount for our fund - raising campaign, and for that reason we cannot depend upon what we might receive as our share from a Community Fund.

We are not permitted by our national headquarters rules to belong to any other organization. Therefore, any money we have comes only through the efforts put forth by those who work with our March of Dimes leaders during the month of January when our campaign is in full swing.

It was very disheartening to me to hear one of our district captains make the remark that several of her workers had gone to houses and been greeted with a door slammed in their faces. I was truly surprised to know that East Liverpool has citizens who are so rude that they cannot at least say "No" politely. None of our marching mothers ever insist upon a donation. We do not want to raise money that way. We would much rather have people donate because they really want to—because they believe in the cause that means so much to so many.

ONE OF MY district captains had a 15-minute lecture from a householder to the effect that she knew without a doubt that 50 per cent of what we collect goes to pay our help. May I say we are well paid—but not with anything we can spend. We are paid by seeing children smile again, by seeing a father or mother able to work again, by knowing that some day we will beat arthritis and birth defects just the same way we have beaten polio.

Of course, our national headquarters and our state offices have some paid employes. After all, these people have to make a living too. At one time Columbiana County did have a paid secretary, but this has not been the case for the past three or four years. I can tell her where that 50 per cent goes—it goes to our national headquarters to use as they see fit. Some goes to the special care centers, some pays the staff at headquarters and in other offices throughout the country, some is used in our fund-raising campaign. Some of this money is used when a local chapter is confronted with a case in which the expense involved will drain the treasury seriously. This was the case in Columbiana County in 1963. One of our polio cases went to Warm Springs, Georgia, for treatment, and national headquarters paid for this care over and above what our local chapter felt they could allocate to this particular case. We know that they are always there to help us when we need them. Without our national headquarters behind us, we would not be able to care for the many cases that come to us each year.

About 25 per cent of our remaining 50 per cent goes to research — the Salk Institute — and various other centers where they are constantly searching for new methods to aid those who have already been stricken, and ways to prevent crippling and pain for many yet unborn.

THE REMAINDER goes into our Columbiana County March of Dimes treasury. It is up to our Board of Directors to see that this money is used wisely and well. We must visit these children to see what can be done, and then do what it is within our power to do. Without the continued support of the people we can do very little.

I have worked with the local chapter for almost 10 years, and have found it most rewarding—not from the standpoint of a share of the 50 per cent that we do not get, but from the standpoint of joy in knowing I have helped someone even though it may be in a very small way.

Thank goodness the door slammers are few and far between and the ones who believe some of the stories passed on by a few "informed" people are few and far between. I hope as the years go by that the public will accept the fact that we are still a unique and separate organization as we always have been — that our only interest is the health and well-being of the children of the country and the children who are not yet born.

Another View On Band Uniforms

In answer to Eva Simmons' letter about the South Side band uniforms, I don't think she needs to be ashamed of the band she once played in because they are wearing colors different from the school colors.

First of all, South Side's colors still are black and white.

They had a chance to buy several uniforms, most of them in real good condition and a few brand new ones. I am proud of our band members that they agreed to wear the used uniforms. Everyone should know our school is not a rich school and the band members were ashamed of their old uniforms. When they were not able to afford the best, they decided to make the best of what they could afford.

My oldest daughter was in South Side's band when Eva was and is now playing with the band at Edinboro State College. Their school colors are red and white, but their band uniforms are black and red.

I still have two girls in South Side's band and they are proud of their new uniforms because they are all dressed alike and all have hats to wear.

I am sure when our school can afford new uniforms they will be black and white. Till then if someone asks what band that is we'll be proud to tell them: "It's South Side's band!"

Pertinent Remarks From Wheeling

It long has been our feeling — and the feeling of many others — that gambling and vice create a climate which tends to drive away new industry.

It was with interest, therefore, that we read the observations of a group of Wheeling business executives relative to the situation in that West Virginia community.

The comments were touched off by a survey conducted by the Wheeling News-Register after Forrest Kirkpatirck of the Wheeling Steel Corp. had charged in a speech that Wheeling has become a "black spot" in West Virginia's northern Panhandle.

The executives contacted agreed wholeheartedly. Among their remarks were these:

"Wheeling residents realize crime is a problem, but they won't take the trouble to get rid of it . . . ."

"You can blame the average citizen, who thinks nothing of going down and buying an illegal drink . . . ."

"I am glad to see someone (Kirkpatrick) make a frank and pointed statement of the facts we're all aware of . . . ."

The Wheeling story can't be ignored by any community or any area which hopes to attract industry and move ahead.

It's certainly another forceful reason why East Liverpool officials should continue to keep the lid clamped tightly on all illegal operations.

It's certainly another forceful reason why Columbiana County officials should do likewise.

And it's certainly another forceful reason why our end of the northern Panhandle should take another look at itself.

Being Prepared

It's a privilege once more to salute all district Boy Scouts as they observe their "Week".

Through active and dedicated participation on the youngsters' part and under the guidance of capable leaders another outstanding year has gone into the record and the program has continued to expand in the Columbiana Council and in neighboring councils.

More than ever, Scouting stands high as one of the endeavors which help our youngsters move in the right direction as they prepare for the tirals and tribulations which lie ahead when they make the transition into the "Adult Citizen" classification.

Those who approach Scouting with the sincerity and devotion which it deserves will be the better for having done so. They not only will "Be Prepared" for Scouting, but for the future as well.

France Wants To Recoup

Memories are short. Before France sustained defeat at Biendienphu in 1954, nearly 100,000 Frenchmen were killed or missing in a losing battle with forces supplied by Chinese Communists.

Another 140,000 Frenchmen had been wounded. Five billion dollars had been wasted in a losing cause, besides another $2 billion poured in by the United States.

French investments in Indochina totaling more than $2 billion were in danger. French militarism had lost face, and French colonialism was shattered. A substantial trade relationship was in jeopardy.

Today, France still is South Viet Nam's largest customer. Students from South Viet Nam flock to Paris to complete their studies. North Viet Nam maintains a trade delegation in Paris. France is in a position to recoup its staggering losses.

FRENCH PRESIDENT de Gaulle is not acting on a wild impulse. According to his lights as a soldier-diplomat, he is acting on the sanest impulse the head of a state can have—survival of the society he is in charge of saving for posterity.

He says there can be no peace and no war in Southeast Asia without taking the 800-million-odd inhabitants of mainland China into account. No one disputes this —not India, not South Viet Nam, nor Laos, Cambodia, the Soviet Union, Japan, or the United States.

But only President de Gaulle, of all the national leaders concerned, has resolved to do something about peace in a way that conceivably could bring about a rearrangement of international relations.

PERHAPS the most penetrating comment has been made by Clare Boothe Luce in her facetious program for political preferment—"I am for victory in Viet Nam without any increase in U.S. casualties or expenditures. I am also for neutralization of Viet Nam as soon as Gen. de Gaulle apologizes for having suggested it."

Letter From Max

Dear Truman Twill:

You probably saw the presidential campaign platform written by Clare Boothe Luce, former Republican congresswoman, ambassador to Italy and playwright. She was supposed to be joking, but do you think she really was? Much truth is often spoken in jest, you know.

You were holding forth awhile ago about how nobody should write anything unless he knows what he is talking about. If you really mean that, it would silence the entire world. Come to think of it, maybe this is what you want.

As the campaign progresses, or retrogresses, your platform beliefs will become apparent and, just to keep you from wondering too much about mine, this letter will outline a few.

What we both have to keep in mind is that neither of us is Clare Boothe Luce. Anybody will tell you that, especially Mr. Luce.

FOR INSTANCE, Mrs. Luce said, "I am for lifting everyone off the social bottom. In fact, I am for doing away with the social bottom altogether."

My plan is better than hers on that issue. I not only am for doing away with the bottom but with the top. The big advantage of my plan is that it would leave everybody in the middle, which is where they usually are anyhow.

Her reference to the "social bottom" may not have meant the same as the economic bottom, but it smacks of recent talk of eliminating poverty.

All this talk of eliminating poverty is reminiscent of writer Upton Sinclair's ill-fated 1934 depression campaign for the governorship of California in his "EPIC" campaign to "End Poverty In California."

He was hooted off the stage into the wings.

On the other hand, if Mrs. Luce is using the word "social" in its broadest meaning, here is a quote from the late Goldsworth Lowes Dickinson, British essayist, which might be pertinent:

"Every kind of discrimination is a protection of the incompetent against the competent, with the result that the motive to become competent is taken away."

You understand that I just quote these gentlemen; I don't explain what they say and don't even necessarily agree or comprehend what they are talking about.

HERE IS another one you might get something from:

"An expert is a person who avoids the small errors as he sweeps on to the grand fallacy."

That was by Benjamin Stolberg.

And whatever happened to some of those old political slogans? Such as—"The full dinner pail," "Two chickens in every pot," "Two cars in every garage."

If that last one were ever carried out it would mean the biggest garage-building spree in the nation's history.

If you promise not to tell either Mr. or Mrs. Luce, I have a confession to make about Luce publications.

Every time I read them, I wonder if I am a victim of "Luce" thinking.

Faithfully yours,
MAX

One of our polio cases went to Warm Springs, Georgia, for treatment, and national headquarters paid for this care over and above what our local chapter felt they could allocate to this particular case. We know that they are always there to help us when we need them. Without our national headquarters behind us, we would not be able to care for the many cases that come to us each year.

About 25 per cent of our remaining 50 per cent goes to research — the Salk Institute — and various other centers where they are constantly searching for new methods to aid those who have already been stricken, and ways to prevent crippling and pain for many yet unborn.

THE REMAINDER goes into our Columbiana County March of Dimes treasury. It is up to our Board of Directors to see that this money is used wisely and well. We must visit these children to see what can be done, and then do what it is within our power to do. Without the continued support of the people we can do very little.

I have worked with the local chapter for almost 10 years, and have found it most rewarding—not from the standpoint of a share of the 50 per cent that we do not get, but from the standpoint of joy in knowing I have helped someone even though it may be in a very small way.

Thank goodness the door slammers are few and far between and the ones who believe some of the stories passed on by a few "informed" people are few and far between. I hope as the years go by that the public will accept the fact that we are still a unique and separate organization as we always have been — that our only interest is the health and well-being of the children of the country and the children who are not yet born.

Another View On Band Uniforms

In answer to Eva Simmons' letter about the South Side band uniforms, I don't think she needs to be ashamed of the band she once played in because they are wearing colors different from the school colors.

First of all, South Side's colors still are black and white.

They had a chance to buy several uniforms, most of them in real good condition and a few brand new ones. I am proud of our band members that they agreed to wear the used uniforms. Everyone should know our school is not a rich school and the band members were ashamed of their old uniforms. When they were not able to afford the best, they decided to make the best of what they could afford.

My oldest daughter was in South Side's band when Eva was and is now playing with the band at Edinboro State College. Their school colors are red and white, but their band uniforms are black and red.

I still have two girls in South Side's band and they are proud of their new uniforms because they are all dressed alike and all have hats to wear.

I am sure when our school can afford new uniforms they will be black and white. Till then if someone asks what band that is we'll be proud to tell them: "It's South Side's band!"

Pinned By Cars, Lawyer Injured

A local attorney was hospitalized with injuries suffered when pinned between two vehicles at the scene of an accident on Armstrong Ln. just east of the city limits Saturday at 6:50 p.m.

Atty. John B. McDonald, 49, of 434 Thompson Ave., a former city solicitor, is in "fair" condition today at City Hospital with a fractured right leg suffered in the mishap.

The State Highway Patrol at Lisbon said he was pinned between cars owned by Sadie Willis, 36, of 408 Prospect St. and William V. Smith, 16, of R. D. 2.

—:—

OFFICERS said there were two separate accidents at the scene. In the first, the car driven by Smith hit the rear of the Willis vehicle, parked on the road. Smith came down a hill and slid on the ice.

Just a few minutes later, a third car driven by Ann Miller Rohrer, 48, of Forsyth Pl. hit the rear of the Smith car, driving it forward. Atty. McDonald was between the two vehicles in the first accident.

This represented two of seven area accidents investigated by the patrol over the weekend.

In a one - car crash Saturday at 11:40 a. m., Sherry L. Dunn, 18, of R. D. suffered an apparent back injury when her car skidded and hit the guard-rail along Route 30 just a mile north of the city limits.

—:—

THE GIRL told officers she hit a patch of ice just as she started to pass a panel truck. She was treated by a physician.

Cars driven by Marguerite Richards, 34, of Lisbon R. D. 1 and Russell Wines, 52, of the Y. & O. Rd. were involved in a minor collision Saturday at 12:45 p. m. on Route 30 a tenth of a mile west of Lisbon. No citation was issued, the patrol said.

Cars driven by Clyde J. Brown, 25, of Lisbon R. D. 4 and George R. Bacon, 18, of N. Market St., Lisbon, sideswiped Saturday at 1:10 p. m. on Route 45 almost three miles south of Salem.

—:—

AFTER THE collision, Brown's car went off the left side of the highway and struck a mail box, officers said. No citation was issued.

George R. McHenry, 20, of R. D. 1 escaped injury when his car went over an embankment Saturday at 3:55 p. m. on Route 267 two miles north of East Liverpool. McHenry lost control when he swerved left of center to avoid hitting a dog, officers said.

A car driven by Donald Curl, 29, of New Waterford R. D. 1 hit the rear of another driven by James B. Reid of East Palestine R. D. Sunday at 6:40 p.m. on County Rd. 421 seven-tenths a mile south of Route 14.

—:—

REID WAS cited for parking on the highway and Curl was cited for failure to stop in the assured clear distance.

The patrol said a total of 14 accidents were investigated over the weekend.

Officers also corrected a report of an accident early Saturday morning. A car driven by Mary Jane Milligan, 17, of 407 3rd St., Wellsville, struck a utility pole on Township Rd. 1004 north of Wellsville Saturday at 12:30 a. m. and not 1:20 a. m. as listed previously. She told officers the gas feed stuck on the car.

Excited Girl, 16, Runs Into Prop Of Airplane

NORTH AMITYVILLE, N.Y. (AP) — It was an exhilarating ride for Nancy Thompson, 16, flying in a small plane.

When the pilot, George E. Martin, 45, a New York City detective, landed the two-seater piper cub Sunday at Zahn's Airport near this Long Island community, Nancy couldn't wait to tell her schoolmate, Martin's daughter, Judy, 16, all about the ride.

Nancy, of nearby Wantagh, leaped from the craft and ran straight into the spinning propeller. It killed her instantly.

'Day Of Recollection' Attracts 44 to Church

Forty-four attended a Day of Recollection Sunday afternoon in the Immaculate Conception Catholic Church in Wellsville.

It marked the fourth annual retreat of the Confraternity of Christian Doctrine of the Youngstown Diocese. Six other churches in Diocese participated.

Fr. Thomas McCarthy, an assistant at St. Aloysius Church, was retreat master. The theme was "The Mystical Body of Christ." Fr. Gerald X. Curran was host pastor.

The retreat was followed with a social gathering in the Parish Hall, where refreshments were served.

Fall On Steps Hurts Woman

An elderly city woman injured in a fall Saturday night was admitted to City Hospital, where three others injured in falls and a man hurt at work were treated over the weekend.

Mrs. Audrey Bryan, 72, of 350 Hill St. was in "fair" condition today with abrasions of the knees and forehead suffered when she fell down steps at home.

Mrs. Bertha Beaver, 1147 Harker Ave., suffered a closed fracture of the left wrist in a fall Saturday evening.

Kenneth Broadbent, 23, of Glenn St. cut his left ring finger on a garage door whlie working at the Goddard Bakery Saturday night.

Penny Jo Crawford, 6, daughter of James Crawford of Irondale, was cut above the left eye when she fell against a table at home Saturday night.

Mrs. Edna MacCallum of Girard was treated Sunday night for injuries received in a fall on Jefferson St.

She suffered a fractured nasal bone, contusions and abrasions of the nose, lacerations of the upper lip, a sprained left shoulder and contusions of the knees.

Admiral, 74, Taken

PHILADELPHIA (AP)—Rear Adm. John E. Wood, 74, former commanding officer of the Naval Aviation Supply Depot in Philadelphia, died Sunday. Wood, who retired from the Navy in 1954 after 38 years service, was born in Newark, Del.

Fire Wrecks Tavern

ASHTABULA, Ohio (AP) — Fire swept the Rock Creek Tavern at Rock Creek, 15 miles south of here, Sunday, causing $38,000 damage to the two-story frame building. Mr. and Mrs. Warren Rondini, the tavern owners, and their four small children, fled to safety down a smoke-filled stairway from their second-floor apartment.

Loretta Eastham, Tim Wood Win No. 16 Spelling Contest

Loretta Eastham was the top winner in the fifth and sixth grade spelling contest and Tim Wood was the first place winner in the seventh and eighth grades in the elimination spelldown for No. 16 School held Friday.

Loretta, daughter of Mr. and Mrs. Austin Eastham of 18th St. Heights, Wellsville, correctly spelled "apostrophe," the word missed by Sandy Mercer, and spelled "cousin" to clinch the title.

The second place winner is the daughter of Mr. and Mrs. James Mercer, also of 18th St. Heights. Michael Post, son of Mr. and Mrs. Blaine Post, also of 18th St. Heights, is the alternate.

Correct spelling of "cancel" and "candidate" won the championship for the upper grade pupil, the son of Mr. and Mrs. Donald Wood of Frischkorn Addition.

Mike Cramer, son of Mr. and Mrs. Carlton Cramer of the old Salineville Rd., came in second and Judy Huston, daughter of Mr. and Mrs. John Huston of Alderlick Rd., is the alternate.

Mrs. Dorothy Price and Mrs. Edna Spring were the pronouncers for the fifth and sixth grades and Mark Headland for the seventh and eighth grades.

Judges were Mrs. Maysel Beck, Mrs. Martha Serafy and Mrs. Freda Schubert, principal. The first place winners received silver dollars.

The two top contestants and the alternate in each division will be eligible to go to the all-day district contest at Franklin School Feb. 21. Schools included in the district are Highlandtown, Salineville, Wayne, No. 16, Summitville and Franklin in the Southern Local School District and United Local.

ground near the point of impact.

The crash damaged the right front and side steps and the main reservoir for the air brakes on the locomotive, police said. It also hurled the auto into a railroad marker on the southeast side of the crossing, damaging the metal standard, police said.

Police listed as witnesses to the crash Mrs. Iris Gray, 1902 Michigan Ave., D. R. Stewart of Hammondsville and W. L. Kapp of Route 30.

Mr. Scott was the third Columbiana County traffic victim of 1964. Three also had died at this time in 1963.

Firemen received the initial call on the crash at 3:52 from an unidentified man. The East End truck was dispatched and police were notified.

When Firemen Edwin Greenwood and James Walker arrived at the crossing, they found Mr. Scott lying in a ditch along the right-of-way. His daughter was lying alongside the door of the car.

Headed from Michigan to Harvey Ave., the auto had been spun in a 270-degree turn and was facing west toward the crossing.

Don Hancock, an off - duty fireman who resides on Michigan Ave., was among the early arrivals. He said Mr. Scott was conscious and complained that he was unable to breathe.

Hancock said he was cradling Mr. Scott's head in his hands and raised him gently in an attempt to aid his breathing.

"'It hurts. Put me down'," the victim told Hancock.

Toney and Ruel Adkins, who operate an appliance store and service station on Harvey Ave., used furniture pads to cover Mr. Scott.

Mr. Scott was born in Chillicothe Jan. 4, 1903, to the late Smith Scott and Lydia Hupp Scott. He lived here for 35 years, coming from West Union, W. Va. He was a water tender at the Midland Works of the Crucible Steel Co. and last worked Saturday.

He was a member of the Oakland Free Methodist Church, True Blue Fox Hunters Club and Steelworkers Local 1212.

He is survived by his widow, Mrs. Ruth D. Scott; four daughters, Mrs. Wanda Ptyak, Miss Robin Scott, Miss Deborah Scott and Karen Scott, all at home; two foster sons, Robert Givens, stationed with the Navy in Japan, and Don Scott of Wellsville; two foster daughters, Mrs. Catherine Siebert of East Liverpool and Mrs. Norma Jean Simms of Mansfield; three brothers, Dale Scott and Ernest Scott, both of Wellsville, and Smith Scott of East Liverpool; five sisters, Mrs. Bessie Ramsey and Mrs. Marie McDole, both of East Liverpool, Mrs. Ernestine Buzzard of Hyattsville, Md., Mrs. Ruth Goring of Orlando, Fla., and Mrs. Edna Walker of Galion.

Services will be held Tuesday at 2 p. m. at the Martin Funeral Home by the Rev. S. H. Estel. Burial will be in Spring Grove Cemetery.

Friends may call at the funeral home this afternoon and tonight.

Follansbee Man, 46, Dies In Route 2 Crash

WEIRTON — George H. Hickman, 46, of Follansbee, manager of an auto parts store in Weirton, was killed in a two-car crash Saturday afternoon at 3:15 on State Route 2, two miles south of here.

West Virginia State Police said Mr. Hickman's car swerved into guardrails and then into the path of the car of James Mikula, 63, of Weirton.

Mikula was treated at Weirton General Hospital for neck injuries.

The traffic fatality was the fourth in Brooke County in five weeks, State Police said.

Georgetown Council Members Given Oath

Kenneth Mackall and Wendell Welborn were sworn in as new councilmen by Mayor William Cromer at a special meeting of the Georgetown Council Saturday afternoon in the Borough Building.

In other action, Eugene Morris of Aliquippa was named as solicitor. The council also accepted the budget of $2,353. Glenn Mackall is president.

Next regular meeting will be March 3.

Lisbon's Ruritan Club Will Convene Tuesday

LISBON — William Winslow of North Canton, representing the Manley and James Co., will be guest speaker at a meeting of the Lisbon Ruritan Club Tuesday at 7 p. m. in the Christian Church.

Winslow, a drug salesman, will speak on "Miracles in the Making," explaining several of the new drugs being perfected. He spoke to the Kiwanis Club last Thursday noon.

sible fractured right elbow, shoulder and elbow, and contusions.

Taken to City Hospital in an ambulance, he was in "fair" condition today.

Deputies said the accident happened at 10:20 a. m. at Taylor's Bend, 500 feet west of the intersection with Johnsonville Rd., a short distance up the hill.

Both the 1963 model tractor and the trailer were demolished, deputies said. The cargo also is believed to have included antiques besides household furniture and much of it was damaged.

Seventeen Chester volunteer firemen went to the scene but no gasoline was spilled on the highway, and there was no fire.

A week ago Sunday, Gilbert Nelson Darnley, 26, of Midway, Pa., was trapped in the wreckage of his rig which also plunged over the embankment at Taylor's Bend at approximately the same site.

Deputies said a charge of failure to have his vehicle under control has been filed against Nitz, who had started his trip at Lincoln, Neb.

A January thaw in New England is mentioned in literature as early as 1798.

Lincoln's Hopes for the Negro

IN HIS OWN WORDS

"What I would most desire would be the separation of the white and black races."

(Spoken at Springfield, Illinois, July 17, 1858), Abraham Lincoln Complete Works, edited by Nicolay and Hay, published by The Century Company, 1894, Volume I, page 273.

"I will say, then, that I am not, nor ever have been, in favor of bringing about in any way the social and political equality of the white and black races—that I am not, nor ever have been, in favor of making voters or jurors of negroes, —nor of qualifying them to hold office, nor to intermarry with white people; and I will say in addition to this that there is a physical difference between the white and black races which will ever forbid the two races living together on terms of social and political equality. And inasmuch as they cannot so live, while they do remain together, there must be the position of superior and inferior, and I, as much as any other man, am in favor of having the superior position assigned to the white race."

(Spoken in sixth joint debate with Senator Douglas at Quincy, Illinois, October 13, 1858), Abraham Lincoln Complete Works, edited by Nicolay and Hay, The Century Company, 1894, pages 369, 370, 457 and 458; also at Charleston, Illinois, September 18, 1858, in fourth debate with Douglas.

"Why . . . should the people of your race be colonized, and where? Why should they leave this country? This is, perhaps, the first question for proper consideration. You and we are different races. We have between us a broader difference than exists between almost any other two races. Whether it is right or wrong I need not discuss, but this physical difference is a great disadvantage to us both, as I think your race suffer very greatly, many of them by living among us, while ours suffer from your presence. In a word we suffer on each side. If this be admitted, it affords a reason at least why we should be separated.

"It is better for both, therefore, to be separated."

(Spoken to a committee of colored men at the White House, July 14, 1862), The New York Daily Tribune, August 15, 1862, page 1; New York Semi-Weekly Times, August 15, 1862, page 3.

Skids Blamed In 6 Weekend Auto Crashes

Skids on icy pavement were blamed for six of the eight auto mishaps that marred East Liverpool's weekend traffic, police reported.

A Rogers area man's truck was involved in two crashes in the space of 28 minutes Saturday afternoon in the Oakland section of East End, officers said.

The chain of events began at 12:26 when a collision at Pennsylvania and Oakland Aves. involved a 1956 model car driven by Mary Hazelet, 24, of 1825 Ohio Ave., a 1963 auto operated by Wallace Latta, 75, of 1848 Michigan Ave., and a 1962 model truck driven by Arnell Howell, 38, of Rogers R. D. 1.

The woman said she was preparing to pull away from the curb. Latta said he attempted to halt, but slid into the Hazelet car. Howell said he was braking for the traffic light when the trailer of his rig hit the Hazelet car. There was damage to the left rear fender of the Hazelet car but the other vehicles were undamaged, police said.

At 12:54 p. m., while Howell still was at the scene gathering information on the mishap, his halted truck was hit by a 1962 model truck driven by Claude Yeater, 50, of Weirton, police said.

Howell's truck was undamaged in the second mishap, but there was damage to the front of Yeater's truck, police said. Yeater told police he attempted to halt, but his rig skidded and hit Howell's truck.

A collision on Lisbon St. near Belmar Ave. Saturday at 12:09 p. m. involved a 1956 sedan driven by Elbert E. White, 19, of Densmore Ave. and a 1960 sedan operated by John Sell, 38, of 6th Ave., LaCroft, officers said.

Sell told police he as headed south and his auto skidded as he approached a turn, causing it to hit White's northbound car.

In a collision on Park Way Saturday at 11:13 a. m., there was damage to a 1959 model station wagon driven by Glenn H. Ramsey of R. D. 3 and a 1960 sedan operated by James C. Redmond of Rogers R. D. 1, officers said.

Ramsey said he halted his northbound car when he saw Redmond's auto skidding. Redmond's car slid into the side of Ramsey's auto, police said.

A mishap at Walnut St. and Bradshaw Ave. Saturday at 11:42 a. m. involved a 1956 station wagon driven by William Simpson, 48, of 241 W. 3rd St. and a 1954 model truck driven by Norman Dotson, 51, of 809 Louise St., officers said.

Simpson complained of pains in his back, but said he would consult his own physician, police said.

Mrs. Betty C. Nichol of Macrum St. told police her 1955 sedan was hit by an unidentified car Saturday between 9 a. m. and 5 p. m. while parked on the lot at the Loblaw Market on Bradshaw Ave. The right front fender and bumper of her auto were damaged, she told police.

Avoiding a wrecker towing an auto, Robert McDermott, 49, of Westfield St. skidded over a hillside on Dresden Ave. Sunday at 9:41 p. m., police said.

McDermott told police he was headed north about 30 miles an hour in his 1961 model sedan when the wrecker pulled in front of him. When he applied the brakes, his car skidded and went over the hill, he said.

A collision at E. 5th St. and Broadway Saturday at 10:06 p. m. involved a 1963 sedan driven by Delores Hopper of 7th Ave., LaCroft, and a 1959 sedan operated by Cynthia Martin, 1421 St. Clair Ave.

Cars driven by Raymond Betteridge, 17, of 1147 Ohio Ave. and Ray Lockard of Coshocton were involved in a mishap Saturday at 1 p. m. on Pennsylvania Ave. 100 feet west of Oakland Ave., police said. Lockard was stopped when the Betteridge car skidded and hit his auto, police said.

Robert R. Bloor Wins Promotion

Robert R. Bloor of Lorain, son of Mrs. Nelle Bloor, 1107 Ohio Ave., and the late James L. Bloor, has been promoted to development supervisor at the B. F. Goodrich Chemical Co.'s Development Center at Avon Lake, Ohio.

Valedictorian of the 1943 Senior Class of East Liverpool High School, Bloor received a bachelor of science degree in chemistry from Ohio University at Athens and a master of science in chemistry degree from Michigan State University.

He joined BFG Chemical at the development center in 1948 as a junior development engineer. He became a development engineer in 1950 and was made senior technical man in 1957. In 1959, he was named development group leader.

Bloor is a member of the American Chemical Society and Phi Beta Kappa, Phi Eta Sigma and Sigma Xi honor societies. He is a chemistry instructor in the night school division of the Lorain Technical School and serves on the chemical curriculum advisory committee. He and his family reside in Lorain.

Legislature Resumes In West Virginia

CHARLESTON (AP) — West Virginia's lawmakers return to Charleston today for the distasteful job of devising a new formula for distribution of seats in the House of Delegates.

At issue is how to keep the small-population counties happy while robbing them of representation.

Gov. W. W. Barron called the special session Friday, minutes after the State Supreme Court ruled that the seating in the House, as worked out by the 1963 legislature, is illegal.

The State Constitution calls for counties with less than 10,530 population — under the 1960 census—to surrender their delegates and share representation with delegates from an adjoining county.

This section of the constitution is crystal clear, but it has been ignored since the turn of the century. Pressure from urban areas finally is forcing rural delegates to face the facts.

The Supreme Court's action Friday upheld an earlier ruling by Kanawha County (Charleston Circuit Court) Judge Frank L. Taylor.

Both courts held another controversial part of the act valid — the section allowing two Senate seats for Kanawha County.

But since the act cannot be considered piece by piece, it has been declared entirely unconstitutional. In legal jargon, the act is "not severable."

The special session is expected to last about one week. Action will be subdued at the beginning as redistricting committees from both houses consider how to shift the delegates.

The special session is a popular device in settling West Virginia's problems. Governors have called 39 of them in the state's history — 11 of those since 1946.

The last one was May 6-8, 1963, called by Gov. Barron for consideration of a money shortage in the State Welfare Department.

Drill At County Home Brings Truck Quickly

LISBON — The first fire department arrived at the Columbiana County Home within six minutes after the alarm in a drill Saturday at 2:15 p. m., according to Supt. Russell Phillis.

One unit at the home was evacuated by the time the first fire unit arrived. Four units responded, including Lisbon, Hanoverton, Guilford Lake and Winona. All chiefs and firemen with all their fire-fighting apparatus responded.

Plans for the trial run were made at a meeting Wednesday at the home.

Meeting Set In Lisbon To Form 'Playhouse'

LISBON—A Community Playhouse is being formed for Lisbon and surrounding area and is open to all residents, regardless of age.

An organization meeting has been called for Monday, Feb. 17, at 8 p. m. in Village Hall to see how many persons are interested.

Interested persons unable to attend may call Dennis Moore at 424-7847 and ask to be placed on the list as a possible member.

In 1963 a cable was laid stretching 3,400 miles from England to the United States—the first direct telephone wire between the two countries. The cable carries 128 telephone messages simultaneously.

Hancock Grants Formation Step For Credit Union

Articles of incorporation have been filed in the Hancock County Courthouse by a new credit union at the National Church Supply Co. in Chester.

Formed at Plant 2, the credit union is known as NaCho and is authorized capital stock of $100,000.

The membership is comprised of employes and their immediate families and persons approved by the Board of Directors who purchased shares at $5 each.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor breath". Get FASTEETH at drug counters everywhere.

Skids Blamed In 6 Weekend Auto Crashes

Skids on icy pavement were blamed for six of the eight auto mishaps that marred East Liverpool's weekend traffic, police reported.

A Rogers area man's truck was involved in two crashes in the space of 28 minutes Saturday afternoon in the Oakland section of East End, officers said.

The chain of events began at 12:26 when a collision at Pennsylvania and Oakland Aves. involved a 1956 model car driven by Mary Hazelet, 24, of 1825 Ohio Ave., a 1963 auto operated by Wallace Latta, 75, of 1848 Michigan Ave., and a 1962 model truck driven by Arnell Howell, 38, of Rogers R. D. 1.

The woman said she was preparing to pull away from the curb. Latta said he attempted to halt, but slid into the Hazelet car. Howell said he was braking for the traffic light when the trailer of his rig hit the Hazelet car. There was damage to the left rear fender of the Hazelet car but the other vehicles were undamaged, police said.

At 12:54 p. m., while Howell still was at the scene gathering information on the mishap, his halted truck was hit by a 1962 model truck driven by Claude Yeater, 50, of Weirton, police said.

Howell's truck was undamaged in the second mishap, but there was damage to the front of Yeater's truck, police said. Yeater told police he attempted to halt, but his rig skidded and hit Howell's truck.

A collision on Lisbon St. near Belmar Ave. Saturday at 12:09 p. m. involved a 1956 sedan driven by Elbert E. White, 19, of Densmore Ave. and a 1960 sedan operated by John Sell, 38, of 6th Ave., LaCroft, officers said.

Sell told police he as headed south and his auto skidded as he approached a turn, causing it to hit White's northbound car.

In a collision on Park Way Saturday at 11:13 a. m., there was damage to a 1959 model station wagon driven by Glenn H. Ramsey of R. D. 3 and a 1960 sedan operated by James C. Redmond of Rogers R. D. 1, officers said.

Ramsey said he halted his northbound car when he saw Redmond's auto skidding. Redmond's car slid into the side of Ramsey's auto, police said.

A mishap at Walnut St. and Bradshaw Ave. Saturday at 11:42 a. m. involved a 1956 station wagon driven by William Simpson, 48, of 241 W. 3rd St. and a 1954 model truck driven by Norman Dotson, 51, of 809 Louise St., officers said.

Simpson complained of pains in his back, but said he would consult his own physician, police said.

Mrs. Betty C. Nichol of Macrum St. told police her 1955 sedan was hit by an unidentified car Saturday between 9 a. m. and 5 p. m. while parked on the lot at the Loblaw Market on Bradshaw Ave. The right front fender and bumper of her auto were damaged, she told police.

Avoiding a wrecker towing an auto, Robert McDermott, 49, of Westfield St. skidded over a hillside on Dresden Ave. Sunday at 9:41 p. m., police said.

McDermott told police he was headed north about 30 miles an hour in his 1961 model sedan when the wrecker pulled in front of him. When he applied the brakes, his car skidded and went over the hill, he said.

A collision at E. 5th St. and Broadway Saturday at 10:06 p. m. involved a 1963 sedan driven by Delores Hopper of 7th Ave., LaCroft, and a 1959 sedan operated by Cynthia Martin, 1421 St. Clair Ave.

Cars driven by Raymond Betteridge, 17, of 1147 Ohio Ave. and Ray Lockard of Coshocton were involved in a mishap Saturday at 1 p. m. on Pennsylvania Ave. 100 feet west of Oakland Ave., police said. Lockard was stopped when the Betteridge car skidded and hit his auto, police said.

Robert R. Bloor Wins Promotion

Robert R. Bloor of Lorain, son of Mrs. Nelle Bloor, 1107 Ohio Ave., and the late James L. Bloor, has been promoted to development supervisor at the B. F. Goodrich Chemical Co.'s Development Center at Avon Lake, Ohio.

Valedictorian of the 1943 Senior Class of East Liverpool High School, Bloor received a bachelor of science degree in chemistry from Ohio University at Athens and a master of science in chemistry degree from Michigan State University.

He joined BFG Chemical at the development center in 1948 as a junior development engineer. He became a development engineer in 1950 and was made senior technical man in 1957. In 1959, he was named development group leader.

Bloor is a member of the American Chemical Society and Phi Beta Kappa, Phi Eta Sigma and Sigma Xi honor societies. He is a chemistry instructor in the night school division of the Lorain Technical School and serves on the chemical curriculum advisory committee. He and his family reside in Lorain.

Show Attracts 380

SALINEVILLE — Approximately 380 attended a talent show sponsored by the Junior Class Saturday night at Southern Local High School. Mrs. Verda Lee, faculty advisor, said the class realized about $170 for expenses for the junior-senior prom.

Legislature Resumes In West Virginia

CHARLESTON (AP) — West Virginia's lawmakers return to Charleston today for the distasteful job of devising a new formula for distribution of seats in the House of Delegates.

At issue is how to keep the small-population counties happy while robbing them of representation.

Gov. W. W. Barron called the special session Friday, minutes after the State Supreme Court ruled that the seating in the House, as worked out by the 1963 legislature, is illegal.

The State Constitution calls for counties with less than 10,530 population — under the 1960 census—to surrender their delegates and share representation with delegates from an adjoining county.

This section of the constitution is crystal clear, but it has been ignored since the turn of the century. Pressure from urban areas finally is forcing rural delegates to face the facts.

The Supreme Court's action Friday upheld an earlier ruling by Kanawha County (Charleston Circuit Court) Judge Frank L. Taylor.

Both courts held another controversial part of the act valid — the section allowing two Senate seats for Kanawha County.

But since the act cannot be considered piece by piece, it has been declared entirely unconstitutional. In legal jargon, the act is "not severable."

The special session is expected to last about one week. Action will be subdued at the beginning as redistricting committees from both houses consider how to shift the delegates.

The special session is a popular device in settling West Virginia's problems. Governors have called 39 of them in the state's history — 11 of those since 1946.

The last one was May 6-8, 1963, called by Gov. Barron for consideration of a money shortage in the State Welfare Department.

Drill At County Home Brings Truck Quickly

LISBON — The first fire department arrived at the Columbiana County Home within six minutes after the alarm in a drill Saturday at 2:15 p. m., according to Supt. Russell Phillis.

One unit at the home was evacuated by the time the first fire unit arrived. Four units responded, including Lisbon, Hanoverton, Guilford Lake and Winona. All chiefs and firemen with all their fire-fighting apparatus responded.

Plans for the trial run were made at a meeting Wednesday at the home.

Meeting Set In Lisbon To Form 'Playhouse'

LISBON—A Community Playhouse is being formed for Lisbon and surrounding area and is open to all residents, regardless of age.

An organization meeting has been called for Monday, Feb. 17, at 8 p. m. in Village Hall to see how many persons are interested.

Interested persons unable to attend may call Dennis Moore at 424-7847 and ask to be placed on the list as a possible member.

In 1963 a cable was laid stretching 3,400 miles from England to the United States—the first direct telephone wire between the two countries. The cable carries 128 telephone messages simultaneously.

Hancock Grants Formation Step For Credit Union

Articles of incorporation have been filed in the Hancock County Courthouse by a new credit union at the National Church Supply Co. in Chester.

Cigarette Privileges Cut Off For Inmates

LOUISVILLE, Ky. (AP) — Within 48 hours after a federal panel condemned smoking as a health hazard, prisoners in the Jefferson County Jail at Louisville lost their cigarette privileges.

It had nothing to do with the report, however. Officials cut off cigarette sales for a week because they said some prisoners were too lax about rules and needed discipline.

Autos Hit At Lisbon

LISBON — A collision Saturday at 6:10 p. m. involved cars driven by Rebecca J. Biggins, 17, of 348 Thomas Rd. and Paul A. Nicholson, 41, of 500 Thomas Rd. Damage totaled $225. No one was cited.

Eggs Termed 'Good Buy' In Price Decline

Because of recent price drops, eggs are one of the best buys in district stores, according to Ed Watkins, market information agent with the Agriculture Extension Service in Canfield.

Warmer weather has boosted production and cut prices, Watkins explained. Prices have dipped as much as 6 cents a dozen in some places, he added. It was the biggest egg price break in eight years.

Broilers also continue in plentiful supply, with marketings up 10 per cent from a year ago. Beef cattle prices remain low, holding down charges at retail levels. Shoppers also will find good buys in pork, Watkins said.

Some changes are occurring in fresh vegetable prices. Generally, supplies from producing areas are increasing. The quality of many vegetables varies, with frost damage being evident in some cases. Variable quality means that the shopper needs to be more careful in product selections.

Persons interested in buying cabbage will want to look for those heads that are reasonably solid and heavy or fairly heavy in relation to size. Close examination of heads of cabbage may reveal that the base of some outer leaves is separated from the stem with the leaves held in place only by the natural folding over the head. Such heads may be undesirably strong in flavor, or course in texture.

In selecting carrots those that are smaller in size are generally more tender and milder in flavor. Carrots of good quality are firm, smooth, well shaped, and well colored.

If celery is on your shopping list, the best quality celery is that with branches of medium length and thickness and with branches that are brittle enough to snap easily.

Pithy, woody, or excessively stringy celery is undesirable. Soft, somewhat pliable branches often indicate pithiness, and small hard branches are frequently very stringy or woody.

Cabbage, celery and lettuce have gone down slightly in price while cucumber prices have gone up. Other prices have remained relatively the same.

Recent cold weather in Florida severely damaged cucumber vines and present supplies are being imported from the Bahamas.

Valencia oranges are coming on the market earlier than usual this year due to early maturing of all of Florida's citrus crops.

The Valencia orange crop is forecast as 28 percent larger than last year's crop but 9 percent below average. Orange prices will likely remain high throughout the first half of 1964.

CAMPAIGNING for the Republican nomination for West Virginia governor, former Gov. Cecil H. Underwood greets a guest at the Lincoln Day banquet of Hancock County Republicans Saturday in Weirton. He was the state's chief executive in 1956-60.

★ ★ ★

Underwood

(Continued from Page 1)

you don't use it. If it is not used in the limit of time allowed, you lose it, and this is a tragic loss that may not be recovered," he said.

"We have got to get this crowd out," he declared.

Underwood asserted that it is "costing" outside firms to do business with West Virginia.

"This image can frighten away jobs and industries," he continued.

Referring to the Statehouse claim that the state is enjoying a good business climate in light of a Commerce Department report listing hundreds of new jobs gained in the past few years, Underwood said: "This is double distortion from the departments of state government right on up to the top."

—:—

HE SAID an investigation by a Wheeling newspaper into the number of new jobs the Barron administration claimed was created revealed that "less than half" could be claimed.

Underwood asserted that West Virginia now has fewer citizens than three years ago, "fewer to pay the high tax burdens they are saddled with."

He referred often to the political standards set by Lincoln, father of the Republican party.

"The Republican party," he said, "is the only vehicle that can break the political bondage that holds the state tonight."

—:—

"A DEMOCRATIC candidate needs only a machine strong enough to deliver him at the polls. But a Republican candidate needs a program attractive to his own party," he went on, "and also appealing enough to attract a minimum of 125,000 Democrats."

He declared he was not the type of candidate who would feel, "If you can't beat them, join them."

Underwood, elected in 1956 to the governorship to become the first Republican chief executive since 1928, once referred to the "stench in the Statehouse," but that was perhaps his only sharp blast of the entire address.

—:—

THE APPEARANCE in Weirton was the third of 20 speeches he plans to make this month.

Rep. Arch A. Moore Jr., 1st District congressman, was unable to attend, but was mentioned in Underwood's opening remarks.

"Obviously, I'm delighted that he wants to go back to Congress again," Underwood joked. Rep. Moore, one of the leading vote-getters in the state, had been mentioned as a possible gubernatorial candidate but is seeking re-election as Washington spokesman for the 13 counties in the 1st District, including Hancock.

A fairly large delegation was on hand from the Chester-Newell-New Cumberland area, including most of the candidates in the May 12 primary.

—:—

ALSO IN the crowd were Hazen Fair, former superintendent of West Virginia State Police, and his wife. Mrs. Underwood also was at her husband's side.

James M. Ravoira of Weirton, chairman of the Hancock County Republican Executive Committee, introduced members of the Executive Committee and candidates. Edward L. Suplee, former county assessor and candidate for county clerk, introduced guests.

Frank L. Maus of Weirton Steel Co., was toastmaster. Atty. A. J. Rosenshine presented the welcome. The women were presented corsages by the welcoming committee.

The banquet hall was decorated with a large bunting reading: "Win With Rockefeller," but Ravoira pointed out it did not mean an endorsement for the presidential candidate.

Oswald

(Continued from Page 1)

stories about the killing of Lee Harvey Oswald by Ruby, two days after Oswald was charged with murder in the Kennedy assassination and the shooting of Dallas policeman J. D. Tippit.

A national television audience watched as Oswald, 24, was shot to death as he was being transferred from the city jail to the county jail.

The defense contends that Ruby cannot get a fair trial here because of newspaper stories about the shooting.

The prosecutor, District Atty. Henry Wade, said he will fight vigorously to keep the trial in Dallas.

He maintains that under state law, a defendant should be tried in the same county where he is charged of an offense.

Unless the case is transferred, Ruby is due to go on trial Feb. 17.

Defense lawyers, led by Melvin Belli of San Francisco, claim "Dallas County cannot judge Ruby fairly while the state, the nation, and the world judge Dallas."

The defense hopes to persuade Brown to transfer the trial to another state court outside Dallas on the grounds no uniformed or impartial jurors can be found here. Some of the 176 civic, business, religious, and educational leaders summoned by the defense are expected to testify today.

Defense lawyer Joe H. Tonahill of Jasper said they "fully intend to call all the witnesses subpoenaed" even it it takes a week or longer.

Today's hearing will be the third court appearance for the stocky 52-year-old Ruby, a Dallas night club operator who came to Dallas from Chicago.

Back In 1932—

STILLWATER, Minn. (AP) — When a prisoner was released from the Minnesota Penitentiary after 31 years behind the walls, his first comment was: "Hey look at the cars; they look like they were made for midgets." His last look was in 1932, when cars had 30-inch wheels and room enough inside for a top hat.

Dairy Award Planned For Stark County Man

COLUMBUS, Ohio (AP)—Edgar L. Cavitt of Canton has been selected to receive the certificate of appreciation awarded annually by Ohio State University's Department of Dairy Technology.

Cavitt, secretary of the Stark County Dairy Products Association since 1941, will be presented the award at the annual Dairy Industry Conference banquet here Wednesday night. He is being recognized for his many years of service to Ohio's dairy industry and his leadership and interest in recruiting students for dairy careers.

Mother Kills Son, Self

DAYTON, Ohio (AP) — A mother apparently fired the rifle that killed herself and her 2-year-old son Sunday, authorities say. The victims were Mrs. Teda Clark, 32, and Robert Clark, found in the living room of their home just north of here.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: When I read that letter from the young mother who shrieked at her four children all day and was a nervous wreck, it made me feel better. I thought I was the only mother in the world who acted like that. I found myself wishing she was from Illinois so maybe we would wind up in the same mental hospital.

I, too, would like to have a spotless house and a lovely meal on the table when Frank comes home at night. But how can I with four little kids and an invalid mother-in-law to take care of? And then there's the washing, ironing, mending, marketing and cooking. Last night I had to drop everything and iron a white shirt for Frank to wear to his lodge meeting. He called me a "disorganized nit-wit." He yelled it so loudly I'm sure the children heard him.

I'm a nervous wreck and can't even find time to take my tranquilizer pills. Please help me. — SKIN AND BONES.

-:-

Dear Skin: This advice is for Frank:

Hire a woman to come in at least one day a week so your wife can enjoy a change of scenery and repair her shattered nerves.

If you think you can't afford it, compare the cost with a full time housekeeper for your children after your wife breaks down completely.

After The Bawl

Dear Ann: I'm 49 years old, have been divorced for 10 years and share an apartment with my mother.

I usually bowl Saturday and Sunday afternoons with a friend but last Friday evening, on the spur of the moment, I decided to go over and bowl a few lines by myself. My mother really blew up. She said no respectable girl goes alone to a place that has a lounge and sells liquor.

I don't drink — in fact, I hate the smell of the stuff. And I'm no lounger either, if you know what I mean. Some girls undoubtedly get picked up at bowling alleys but these same girls would get picked up in theaters, in restaurants or ball parks.

Will you please settle this?—JENNIE.

-:-

Dear Jennie: A 49-year-old woman who wishes to go bowling on a Friday evening doesn't need to check with her mother.

I do feel, however, that it makes a great deal more sense to go bowling with a friend rather than alone. You not only protect yourself from gossip but you have more fun.

Moochers Mark

Dear Ann: I'm a working girl who just barely manages to support myself. I make a good salary but the cost of living in this city is sky-high and every penny counts.

Two co-workers in this office are nickel and diming me to death. One gal lives near me and we take the same bus to work. Twice last week she asked me to pay her bus far and I did. I know I'll never see that money again.

The other girl is a coffee-break mooch. She never has change or she is flat broke. Her favorite line is: "I'll buy yours tomorrow." Also I have bought cigarettes for her and chipped in for a shower gift when she didn't have the money.

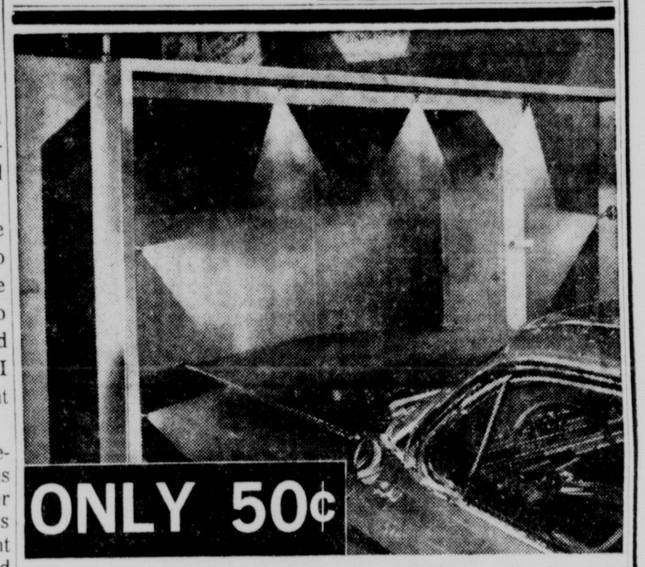

Please tell me what to do. I just can't bring myself to ask a person to pay back a quarter or 50 cents. It seems so petty. Thank you. — POORHOUSE HERE I COME.

-:-

Dear Poorhouse: These girls have learned to out-fumble, out-guts and out-smart you. They will continue to take advantage of you so long as you allow it.

Adopt a new phrase . . . "Sorry, I can't afford." Use the phrase whenever you are asked to buy coffee, pay bus fare, chip in for a gift or what have you. Practice in front of the mirror until the words come easily. Before long they'll get the message.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

A total of $365.38 was collected from pedestrians in the stretch of E. 5th St. between Crook Alley and Washington St. Some of the men who handled the day-long campaign are shown, from left; Harold Taylor, past commander of American Legion Post 4; William Grier, commander of VFW Post 66; John Ruhe, past commander of American Legion Post 374; Gerald Hughey, a former commander of Post 4, and James Cregar, first vice commander of the County Legion Council and former commander of Post 374.

Dairy Award Planned For Stark County Man

COLUMBUS, Ohio (AP)—Edgar L. Cavitt of Canton has been selected to receive the certificate of appreciation awarded annually by Ohio State University's Department of Dairy Technology.

Cavitt, secretary of the Stark County Dairy Products Association since 1941, will be presented the award at the annual Dairy Industry Conference banquet here Wednesday night. He is being recognized for his many years of service to Ohio's dairy industry and his leadership and interest in recruiting students for dairy careers.

Mother Kills Son, Self

DAYTON, Ohio (AP) — A mother apparently fired the rifle that killed herself and her 2-year-old son Sunday, authorities say. The victims were Mrs. Teda Clark, 32, and Robert Clark, found in the living room of their home just north of here.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: When I read that letter from the young mother who shrieked at her four children all day and was a nervous wreck, it made me feel better. I thought I was the only mother in the world who acted like that. I found myself wishing she was from Illinois so maybe we would wind up in the same mental hospital.

I, too, would like to have a spotless house and a lovely meal on the table when Frank comes home at night. But how can I with four little kids and an invalid mother-in-law to take care of? And then there's the washing, ironing, mending, marketing and cooking. Last night I had to drop everything and iron a white shirt for Frank to wear to his lodge meeting. He called me a "disorganized nit-wit." He yelled it so loudly I'm sure the children heard him.

I'm a nervous wreck and can't even find time to take my tranquilizer pills. Please help me. — SKIN AND BONES.

-:-

Dear Skin: This advice is for Frank:

Hire a woman to come in at least one day a week so your wife can enjoy a change of scenery and repair her shattered nerves.

If you think you can't afford it, compare the cost with a full time housekeeper for your children after your wife breaks down completely.

After The Bawl

Dear Ann: I'm 49 years old, have been divorced for 10 years and share an apartment with my mother.

I usually bowl Saturday and Sunday afternoons with a friend but last Friday evening, on the spur of the moment, I decided to go over and bowl a few lines by myself. My mother really blew up. She said no respectable girl goes alone to a place that has a lounge and sells liquor.

I don't drink — in fact, I hate the smell of the stuff. And I'm no lounger either, if you know what I mean. Some girls undoubtedly get picked up at bowling alleys but these same girls would get picked up in theaters, in restaurants or ball parks.

Will you please settle this?—JENNIE.

-:-

Dear Jennie: A 49-year-old woman who wishes to go bowling on a Friday evening doesn't need to check with her mother.

I do feel, however, that it **makes a great deal more sense to go bowling with a friend rather than alone. You not only protect yourself from gossip but you have more fun.**

Moochers Mark

Dear Ann: I'm a working girl who just barely manages to support myself. I make a good salary but the cost of living in this city is sky-high and every penny counts.

Two co-workers in this office are nickel and diming me to death. One gal lives near me and we take the same bus to work. Twice last week she asked me to pay her bus far and I did. I know I'll never see that money again.

The other girl is a coffee-break mooch. She never has change or she is flat broke. Her favorite line is: "I'll buy yours tomorrow." Also I have bought cigarettes for her and chipped in for a shower gift when she didn't have the money.

Please tell me what to do. I just can't bring myself to ask a person to pay back a quarter or 50 cents. It seems so petty. Thank you. — POORHOUSE HERE I COME.

-:-

Dear Poorhouse: These girls have learned to out-fumble, out-guts and out-smart you. They will continue to take advantage of you so long as you allow it.

Adopt a new phrase . . . "Sorry, I can't afford." Use the phrase whenever you are asked to buy coffee, pay bus fare, chip in for a gift or what have you. Practice in front of the mirror until the words come easily. Before long they'll get the message.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Retired Missionary To Talk At Wellsville Service Friday

The Rev. John Wallace of Wooster, a retired missionary to India, will be guest speaker at Wellsville's World Day of Prayer service Friday at 7:30 p. m. in the Riverside United Presbyterian Church. Mrs. Isabel Hart is the chairman.

Churches represented in the program, sponsored by the United Church Women in observance of the 78th Day of Prayer throughout the world will be: First Methodist, Central Methodist, Nazarene, Evangelical United Brethren, Riverside, Covenant, Oak Ridge and Yellow Creek United Presbyterian and Lee's Chapel African Methodist Episcopal.

The collection will go toward sustaining 12 Christian colleges for women in Asia and Africa, making possible the translation, printing and distribution of Christian literature to women and children in many parts of the world, lending assistance to the present program among Indian - Americans and the support of the migrant ministry, extending hospitality to the more than 60,000 students coming to this country from all over the world and also will be used in the United States, making possible the continuation of the new program of ministry among new - comers in communities.

Children's services will be held Wednesday at 3:15 p. m. Mrs. Mildred Elliott is in charge of the rite at the Covenant United Presbyterian Church and Miss JoAnn VanDyke is in charge of the program at the First Christian Church.

Rep. Hess' Wife Dies

CINCINNATI (AP)—Requiem High Mass for the wife of a long-time Southern Ohio congressman will be intoned at 10 a.m. Wednesday in St. Antonius Church.

Mrs. Stella Ostendorf Hess died Sunday. She was the wife of William E. Hess, a Republican who represented Ohio's 2nd District for 14 terms before retiring in 1961.

Toledo Man Ruled Out As Senator Candidate

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown said today that Raymond W. Beringer, 34, of Toledo failed to qualify as a candidate for the Democratic U. S. senatorial nomination in the May 5 primary election.

Brown's announcement followed a check of Beringer's petitions by election boards in counties where signatures were obtained.

The secretary of state said Beringer, a service station operator, executed his declaration of candidacy last Jan. 17 although signatures on petitions were obtained in 1963. Statute requires execution of a declaration in advance of the circulation of petitions, Brown explained.

Disqualification of Beringer left four candidates in the race for the Democratic senatorial nomination—incumbent Stephen M. Young, John H. Glenn Jr., electronics technician William Hotchkiss of Akron and business consultant Albert T. Ball of Cleveland.

Missing Boa Located In Pet Shop Basement

ALIQUIPPA, Pa. (AP)—Aliquippa's roving boa constrictor was back in its cage today.

Pet shop owner Clarence Mineard said he found the six-foot snake Sunday right where he expected to—in the basement of the pet shop.

The "baby" boa escaped from its cage Thursday. A fairly intensive search in the shop failed to turn up the snake.

Mineard said the snake posed little danger because it is too young to have much crushing strength. Boas are not poisonous.

Wanted Man Nabbed

XENIA, Ohio (AP) — Armed policemen converged on a downtown Xenia street Sunday and arrested Julius Belcher, 42, wanted for parole violation in Shelby. Authorities said he also is charged with assault committed after he was paroled following a seven-year stretch in prison for manslaughter.

Trio Given Gifts At Newell

Class Honors 3 Veteran Hancock Teachers

Three veteran teachers in the Hancock County school system were honored by fellow members of the Peacemakers' Class of the Newell Church of the Nazarene Thursday night at the home of Mrs. Helen Rayburn of Grant St.

They were presented gifts of broaches and booklets listing personal biographies and comments by friends.

Shown, from left, are Mrs. Betty Cashdollar, who prepared the bookets; Miss Betty Jean Grimes, a teacher for 18 years at Chester Intermediate School; Mrs. Thelma Drum of Chester Junior High School, who taught 23 years at the senior high, and Mrs. Ruth Cater of Chester Intermediate, a teacher for 23 years.

The class also held a handkerchief shower in observance of the birthday anniversary of Miss Grimes.

Twenty-three attended and Mrs. Cashdollar, president, presided. Prayers were offered by Mrs. Barbara Staggers and Mrs. Dorothy Kirby.

The buffet table was centered with a Valentine wishing-well, flanked by lighted red tapers. Favors were miniature red schoolhouses.

The hostess was assisted by Mrs. Eileen Daugherty. Guests were Mrs. Audrey Lugano, Mrs. Ruth Allison, Mrs. Libby Daugherty and Mrs. Beatrice Booth.

Next meeting will be March 5 with Mrs. Vera Eckleberry of Newell.

Ohio Award Won By Motor Club

The Columbiana County Motor Club took top honors Friday night among Ohio AAA auto clubs having between 10,000 and 25,000 members for excellence of its program for enrollment of gift memberships during December.

The award was accepted by H. Jud English, assistant manager of the Columbiana County AAA affiliate, during the annual awards dinner of the Ohio AAA club workshop - conference which concluded Friday night at the Plaza Hotel in Columbus.

The county club, in competition with seven other AAA clubs in its membership category, was recognized for having enrolled 190 gift memberships. The local auto club had 10,933 members at the end of 1963.

The cash award was made by Harry C. Miles of Dayton, chairman of the membership promotion committee of the Ohio State Automobile Association, 710,000 - member organization of 58 Ohio AAA clubs. OSAA sponsored both the two-day conference and the gift membership enrollment contest.

Woman, 105, Recalls Civil War Celebration

Trio Given Gifts At Newell

Class Honors 3 Veteran Hancock Teachers

Three veteran teachers in the Hancock County school system were honored by fellow members of the Peacemakers' Class of the Newell Church of the Nazarene Thursday night at the home of Mrs. Helen Rayburn of Grant St.

They were presented gifts of broaches and booklets listing personal biographies and comments by friends.

Shown, from left, are Mrs. Betty Cashdollar, who prepared the bookets; Miss Betty Jean Grimes, a teacher for 18 years at Chester Intermediate School; Mrs. Thelma Drum of Chester Junior High School, who taught 23 years at the senior high, and Mrs. Ruth Cater of Chester Intermediate, a teacher for 23 years.

The class also held a handkerchief shower in observance of the birthday anniversary of Miss Grimes.

Twenty-three attended and Mrs. Cashdollar, president, presided. Prayers were offered by Mrs. Barbara Staggers and Mrs. Dorothy Kirby.

The buffet table was centered with a Valentine wishing-well, flanked by lighted red tapers. Favors were miniature red schoolhouses.

The hostess was assisted by Mrs. Eileen Daugherty. Guests were Mrs. Audrey Lugano, Mrs. Ruth Allison, Mrs. Libby Daugherty and Mrs. Beatrice Booth.

Next meeting will be March 5 with Mrs. Vera Eckleberry of Newell.

Ohio Award Won By Motor Club

The Columbiana County Motor Club took top honors Friday night among Ohio AAA auto clubs having between 10,000 and 25,000 members for excellence of its program for enrollment of gift memberships during December.

The award was accepted by H. Jud English, assistant manager of the Columbiana County AAA affiliate, during the annual awards dinner of the Ohio AAA club workshop - conference which concluded Friday night at the Plaza Hotel in Columbus.

The county club, in competition with seven other AAA clubs in its membership category, was recognized for having enrolled 190 gift memberships. The local auto club had 10,933 members at the end of 1963.

The cash award was made by Harry C. Miles of Dayton, chairman of the membership promotion committee of the Ohio State Automobile Association, 710,000 - member organization of 58 Ohio AAA clubs. OSAA sponsored both the two-day conference and the gift membership enrollment contest.

Woman, 105, Recalls Civil War Celebration

Actor Says Stage, Movies As Venal As TV

In an "Arrest and Trial" episode seen on TV a few Sundays ago, actor William Shatner played an ambitious young executive who curried favor with his boss (Richard Carlson) by imitating him.

Hal Humphrey

During shooting of this film there were conferences concerning what kind of personality quirks Carlson might have which Shatner could copy. Shatner suggested his boss use a cigarette holder; then he would buy the same type for himself.

-:-

BUT SHATNER quickly was informed that cigarette holders are taboo in TV — expecially when one of the participating sponsors on the show is a cigarette manufacturer.

A holder may imply there is something in cigarettes that isn't good for you, and no one benefiting financially would be crass enough to use one, least of all a TV producer.

Unnerved but not repressed, Shatner next suggested that his boss habitually employ the phrase "onward and upward" when directing those around him.

-:-

THIS WAS a fine idea, and the director got so taken with it he changed the title of the episode to "Onward and Upward." Originally the title was "Game for an Indefinite Number of Players."

According to Shatner, however, the mistake we critics make is believing such insidious commercialism is unique to TV.

"One would think," he says, "that the stage is a vessel of culture, but is it? Let's take a few examples.

"Paul Osborne wrote 'The World of Suzie Wong' as a poetic play about a young man who never realized what life was all about. But the producers saw the sex angle and pressured Osborne into cutting and rewriting it so the emphasis was almost totally shifted to the prostitutes.

-:-

"THE BROADWAY production received seven lousy reviews in New York, but the producers didn't care. Pre-sold theater parties already had put $1.5 million in the box office. Don't forget, too, there was interest collected on that money during the months it was in the bank before the show opened."

Shatner had a ringside seat because he created and played the role of Robert Lomax in "Suzie Wong" for 18 months on Broadway. He is convinced the theater party agencies in New York are becoming the real producers of theater in New York.

"They even demand and get a say in casting many of the plays now," Shatner reports.

WHEN "SUZIE WONG" was sold for the movie version, the producer got William Holden to do Lomax because his name is considered a built-in collateral as far as the banks are concerned. They do not care about any esoteric value a William Shatner might bring to the role.

The same was true after Shatner recently finished a year's run on Broadway with Julie Harris in "Shot in the Dark." Peter Sellers, considered a hot box office item, got the Shatner role for the coming movie.

These are some of the reasons Shatner had no guilt feelings when he signed to do the title role in "Alexander the Great" which producer Selig Seligman is turning into a weekly TV series. It is virtually set to go on ABC-TV next fall.

-:-

ALMOST CERTAINLY an hour weekly series based on the conquering Macedonian isn't likely to contain much that can be called art. But, as Shatner has pointed out, where else would Alexander get any better treatment?

"And this time," says Shatner, "nobody can claim he was offered the role first, because I was first and I took it."

Shatner also has an answer for those who ask, "Isn't a spectacle like 'Alexander' going to look silly on a 21-inch screen?"

"Not at all," he replies. "Alexander was only 5 feet 10 and weighed 150 pounds, which is just about right for a 21-inch screen."

Fast Reducing Can Be Safe

Is fast reducing safe Many of you are eager to reduce rapidly and get it over with. At the beginning of a reducing program it is safe to reduce at a brisk clip, provided you do not short-change yourself on the protective nutrients.

Ida Jean Kain

As a general rule, the more overweight you are, the faster you will scale down during the first few weeks of dieting. The soft, easy - to - lose fat comes off first. To lose with pleasing suddenness, change from a high carbohydrate to a high protein, low carbohydrate diet. Part of the loss will be water released from the tissues, but the pointer on the scales will plunge dramatically.

—:—

IF YOU HABITUALLY salt your food heavily, put the shaker out of reach. Use only a small amount of salt in cooking. It has been pointed out that obese individuals consume so much food they also take in far too much salt. Excessive salt intake is conducive to water retention and is also believed by some authorities to be a factor in high blood presure.

Now back to the fast - safe reducing plan. The dietary essentials are protein, minerals and vitamins, so make these protective foods the hard core of the menus. Protein provides the building blocks for the cells ... in fact, loss of body protein constitutes the chief danger of unbalanced reducing diets. An adequate margin is insured by providing about one gram of protein per day for each two pounds of ideal body weight.

If you are not familiar with the gram as a measure of weight, figure this way: Count each of the following foods as furnishing 7 grams of proteins: 1 egg, 1 glass of skim milk or buttermilk, one ounce of cheese, including cottage cheese; one ounce of lean meat, fish or fowl. This figure of 7 is an average and easy to remember. The other foods which furnish small but significant amounts of protein are whole grains, bread, peas, beans and lentils.

—:—

IF YOU HAVE daily one egg, a pint of skim milk or buttermilk, 4 to 6 ounces lean meat, fish or fowl (cooked weight) and two slices of bread, these foods furnish 53 to 67 grams of protein. With the smaller meat serving, boost protein by adding a half cup of cottage cheese, which furnishes 21 grams of protein for only 110 calories. Or have a second, smaller serving of fish, fowl or lean meat. The balance of the low calorie diet is made up of vegetables, salad, and fruit. On this protective plan the basic diet is restricted to the foods which yield their full share of essential nutrients.

To tone up as you slim down, get out and walk a couple of miles a day. You'll look and feel wonderful!

Water Trustees Authorize Study

Preparation of a feasibility report for water and sewage facilities for Lawrenceville have been authorized by the trustees of the Lawrenceville Public Service District.

A. R. Todd, Wheeling engineer, is to prepare the report, along with cost estimates and the availability of federal aid for such facilities.

William Schladen, chairman, said a public meeting will be called when Todd's report is submitted, and residents will be briefed on the cost of the project along with other details of the report.

He said the report may be completed late this month. The board met Thursday night at the home of Elwood Fox, secretary of the district. Don Shaw is the third member.

Just Checking Up

LAGOS, Nigeria (AP) — The Institute of International Culturral Exchange has been founded here for Nigerian students who have studied in West Germany. Lutz Herold, the German director, termed his organization quasi-governmental. It is particularly interested in gathering information on how Nigerians trained in West Germany put their skills to use after returning home, he said.

Keep In Trim

By IDA JEAN KAIN

Fast Reducing Can Be Safe

Is fast reducing safe Many of you are eager to reduce rapidly and get it over with. At the beginning of a reducing program it is safe to reduce at a brisk clip, provided you do not short-change yourself on the protective nutrients.

Ida Jean Kain

As a general rule, the more overweight you are, the faster you will scale down during the first few weeks of dieting. The soft, easy - to - lose fat comes off first. To lose with pleasing suddenness, change from a high carbohydrate to a high protein, low carbohydrate diet. Part of the loss will be water released from the tissues, but the pointer on the scales will plunge dramatically.

—:—

IF YOU HABITUALLY salt your food heavily, put the shaker out of reach. Use only a small amount of salt in cooking. It has been pointed out that obese individuals consume so much food they also take in far too much salt. Excessive salt intake is conducive to water retention and is also believed by some authorities to be a factor in high blood presure.

Now back to the fast - safe reducing plan. The dietary essentials are protein, minerals and vitamins, so make these protective foods the hard core of the menus. Protein provides the building blocks for the cells ... in fact, loss of body protein constitutes the chief danger of unbalanced reducing diets. An adequate margin is insured by providing about one gram of protein per day for each two pounds of ideal body weight.

If you are not familiar with the gram as a measure of weight, figure this way: Count each of the following foods as furnishing 7 grams of proteins: 1 egg, 1 glass of skim milk or buttermilk, one ounce of cheese, including cottage cheese; one ounce of lean meat, fish or fowl. This figure of 7 is an average and easy to remember. The other foods which furnish small but significant amounts of protein are whole grains, bread, peas, beans and lentils.

—:—

IF YOU HAVE daily one egg, a pint of skim milk or buttermilk, 4 to 6 ounces lean meat, fish or fowl (cooked weight) and two slices of bread, these foods furnish 53 to 67 grams of protein. With the smaller meat serving, boost protein by adding a half cup of cottage cheese, which furnishes 21 grams of protein for only 110 calories. Or have a second, smaller serving of fish, fowl or lean meat.

The balance of the low calorie diet is made up of vegetables, salad, and fruit. On this protective plan the basic diet is restricted to the foods which yield their full share of essential nutrients.

To tone up as you slim down, get out and walk a couple of miles a day. You'll look and feel wonderful!

Water Trustees Authorize Study

Preparation of a feasibility report for water and sewage facilities for Lawrenceville have been authorized by the trustees of the Lawrenceville Public Service District.

A. R. Todd, Wheeling engineer, is to prepare the report, along with cost estimates and the availability of federal aid for such facilities.

William Schladen, chairman, said a public meeting will be called when Todd's report is submitted, and residents will be briefed on the cost of the project along with other details of the report.

He said the report may be completed late this month. The board met Thursday night at the home of Elwood Fox, secretary of the district. Don Shaw is the third member.

Just Checking Up

LAGOS, Nigeria (AP) — The Institute of International Culturel Exchange has been founded here for Nigerian students who have studied in West Germany. Lutz Herold, the German director, termed his organization quasi-governmental. It is particularly interested in gathering information on how Nigerians trained in West Germany put their skills to use after returning home, he said.

Potters Edge Niles, 58-55, Pull Even With 4th Straight

Stover Hooks 22 Through Cords

By BOB DUFFY
Review Sports Editor

In the last four games, the East Liverpool Potters have turned a losing campaign into a .500 season.

Coach Jim Harris' forces, showing signs of improvement in spots, reeled off their fourth straight victory Saturday night with a 58-55 verdict over a small Niles outfit before some 900 fans at Memorial Auditorium.

—:—

WITH 16 games behind them and two to go — Martins Ferry and Weirton — the Potters stand at 8-8, with successive victories over Salem, Wellsville, Toronto and Niles.

Harris has seemingly come up with a combination that clicks on occasions after being patient with the same group through some poor exhibitions.

Handy Randy Stover, who at 6-4 could look over all of his opponents Saturday, turned in his top scoring performance by tossing in 22 points.

—:—

STOVER was the difference in the battle as he sank 10 field goals, with several coming on sweeping hook shots from either the left or right hand. He has had his good and bad nights, but Saturday was his outstanding good one. Stover also led the Potters in rebounds, grabbing 10 off the board.

The Potters almost replayed Friday night's game at Toronto in the closing stages, having a lead and almost giving the contest away.

—:—

EAST LIVERPOOL had a 36-26 margin at halftime, only to go cold in the third quarter as Niles outscored it 19-9 and then went on to tie the score at 45-45 as the fourth period opened.

Niles then went into the lead opening the final period when Dave Allen hit a jump shot for a 47-45 edge.

Stover tied it at 47-47 and the score was knotted again at 49-49.

With 4:30 remaining in the game and both teams battling for the lead, Bob Forzano made two charity tosses and Stover followed with another. Frank McComas dropped in his only field goal of the second half with 3:19 to go and the Potters took command 54-49, then fought off a late Dragon charge to chalk up the victory.

—:—

THE POTTERS bogged down in the second half, scoring only 22 points. Stover tallied 10 of this total and Forzano seven.

Bill Hall, who showed some improvement over Friday's game, wound up with 14 points, 12 coming in the first half. Forzano wound up with 12.

McComas, who has been up and down in the scoring column, finished with nine points following a 24-point effort at Toronto the night before.

—:—

HOWEVER, the Potters didn't need his shooting as much with Stover scoring well from inside. Stover took 17 shots and hit on 10.

Bob Maltarich, the other Potter starter, failed to score, but was replaced early by Dave Bowersock, 5-6, who turned in a neat floor game and came up with several vital steals.

Niles floored a small unit which showed only one starter over the 6-foot mark but hit well from the outside on occasions.

Jim Berline fed the hoops with 17 points, while Allen wound up with 14.

—:—

ELHS shot 34 per cent, hitting 23 of 66, while Niles had 31 per cent on 21 of 67.

The Potters will close out the 1963-64 campaign at home with two more games. Martins Ferry invades Friday night, while Weirton brings down the curtain the following Friday.

Saturday's contest was a Big 8 Conference game. The Potters now stand at 3-4 in the loop. Niles is 1-5 and resting in the Big 8 cellar.

Springfield Knocks Tigers Out Of League Contention

Springfield Local of Jefferson County played the role of a "spoiler" in upsetting Wellsville High, 60-59, Saturday night on the Springfield court.

The defeat removed Wellsville from contention in the Buckeye Border Conference race, handing the title to the Toronto Red Knights.

—:—

IT WAS Wellsville's second league loss and the Tigers can make second place at best by defeating Toronto this weekend. The Red Knights were unbeaten in league play, and already own one victory over Wellsville.

Wellsville, defending league champion, lost to Springfield in a photo-finish.

DICK BRATT, 6-2 junior, connected on two free throws with one minute left to hoist Wellsville ahead, 57-56, and pivot Terry Flesch followed with a field goal for a 59-56 advantage.

Waggoner of Springfield retaliated to cut Wellsville's margin to 59-58. Pat Welch put the ball in play from the far end of the court, tossing to Jeff MacLean.

Tonight's Schedule In City Cage League

7:30—Tri-State Reds vs. Robert's Sunoco
8:30—George Bright's vs. Uncle Pete's

MACLEAN, 5-8 senior, started upcourt but his dribble was cut short by what appeared to be a "dead" spot on the floor. Springfield's Hamby picked up the ball and raced in for a layup to give Springfield a 60-59 lead with nine seconds left.

Bratt got a final shot away for Wellsville, but the ball circled the rim and hopped out as the game ended.

Wellsville had beaten Springfield earlier, 79-60.

—:—

MACLEAN tallied 17 points for his biggest night of the season, while Flesch also delivered 17 with a hot second half. Big Terry was held to six in the first half by Ray of Springfield.

Wellsville takes its 7-8 record against Toronto Friday night, and closes the regular schedule with Steubenville Central Saturday. Both games are at Wellsville.

In the preliminary, the Springfield Reserves gained a 57-49 victory over Wellsville. Harry Thornton hit 17 points and Lee 14 for the Little Tigers. Three starters hit 10 each for the winners.

Simmons Rips Nets For 31, But Blue Wave Halts Bears

FOLLANSBEE—Oak Glen saw its early lead crumble and Follansbee roll on to an 81-70 victory here Saturday night.

The Oak Glen loss came despite a 31-point exhibition by center Sam Simmons. The 31 points also must go down as a new high for an Oak Glen player since the school is in its first season.

With Simmons scoring 12 points in the first quarter, the Golden Bears led by as much as 10 points at one time, but only could manage a 19-17 margin when the period ended.

Follansbee came storming back in the second period to assume a 38-32 halftime lead then put the contest on ice with a 59-43 advantage after three quarters of play.

Both teams went to the foul line regularly. Oak Glen showed an edge in field goals, 25-24 but Follansbee had 46 foul attempts and made 33 while Coach Bob Starkey's team shot 37 free throws and made 20.

Two Oak Glen starters fouled out and two others ended the game with four personals. Follansbee lost one by the foul route.

The Golden Bears were not shy when it came to shooting Saturday. Statistics showed Oak Glen fired 97 times at the hoop and hit 25 for 27 per cent. Follansbee tried 78 times at the hoop and hit 24 for 31.

Simmons made nine field goals in 27 attempts and added 13 of 22 from the foul line. After coming up with a red hot first quarter, Simmons bogged down until the fourth period when he sizzled the nets for 15 points in the span of eight minutes.

Mike Clutter flashed good form in substitute service hooping 13 points after entering the game in the second quarter.

Follansbee was paced by Morris who scored 23 points.

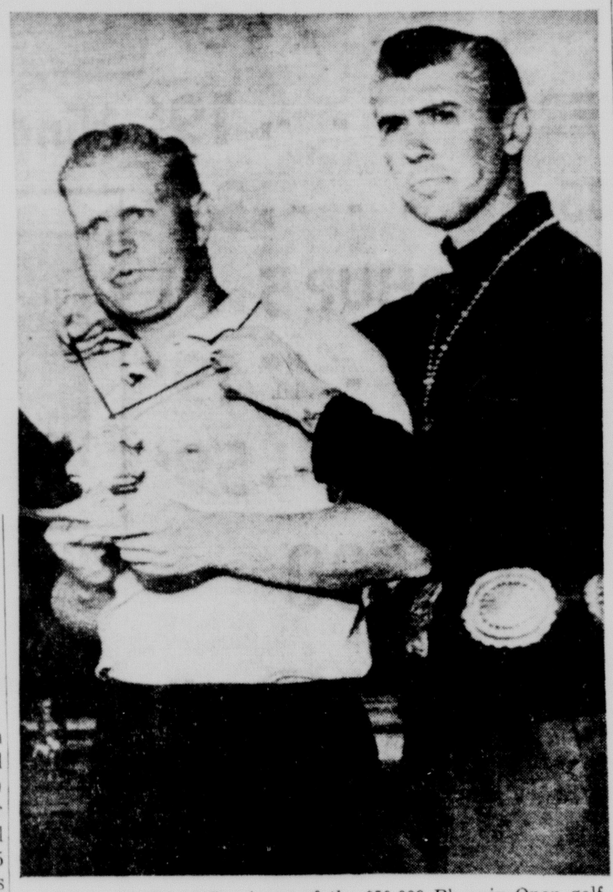

Three other Blue Wave starters made their way to the double figures.

The defeat leaving Oak Glen with a 7-8 mark. The Golden Bears travel to Benwood Union Tuesday.

The Follansbee reserves won, 75-44.

Beaver Local Drops 14th At Springfield, 67 To 47

Following its second victory over the season Friday, Beaver Local was back on the losing end again when Springfield posted at 67-47 decision Saturday night at the Mahoning County school.

Coach John Pape's Beavers were accurate enough in losing its 14th game in 16 outings, but didn't get enough shots. Beaver Local only attempted 38 and made 19 for 50 per cent.

Springfield, with a 14-2 mark, owned a 16-12 first period lead but increased the advantage to 35-20 at halftime and led 49-35 after three periods.

Denny Bloomingdale's 21 pionts and Ron Sondecker with 17 paced Springfield.

Ben Springer tallied 17 to pace Beaver Local and Dennis Horger added 12. Ron Deering, who had set a Beaver Local scoring record the night before with 30 points, was limited for a pair of field goals.

Springfield won the reserve contest, 47-29.

United's 107-71 Win Sets Record

HANOVERTON — United Local established a new school scoring record and gained a tie for first place in the Turnpike Conference in ripping Warren St. Mary's, 107-71, here Saturday night.

Coach Jack Mills' Golden Eagles snapped back from Friday's loss to Carrollton in spectacular style, hitting 44 per cent from the field, for their 12th victory as against four losses.

Bill McGranahan poured in 31 points for United on eight goals and 15-of-15 free throws.

Mills withdrew his regulars with only 1:20 remaining in the third quarter, and the reserves went on to establish a new school scoring record.

Bill Grindle hit a layup to give United 101 points. The Eagles went on to hit 107, erasing the former mark of 101 set against Salineville in the 1959-60 season.

United has two more games, but is assured of at least a tie in the conference.

In the preliminary, the Warren Reserves gained a 48-47 victory.

Potters Edge Niles, 58-55, Pull Even With 4th Straight

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Stover Hooks 22 Through Cords

By BOB DUFFY
Review Sports Editor

In the last four games, the East Liverpool Potters have turned a losing campaign into a .500 season.

Coach Jim Harris' forces, showing signs of improvement in spots, reeled off their fourth straight victory Saturday night with a 58-55 verdict over a small Niles outfit before some 900 fans at Memorial Auditorium.

—:—

WITH 16 games behind them and two to go — Martins Ferry and Weirton — the Potters stand at 8-8, with successive victories over Salem, Wellsville, Toronto and Niles.

Harris has seemingly come up with a combination that clicks on occasions after being patient with the same group through some poor exhibitions.

Handy Randy Stover, who at 6-4 could look over all of his opponents Saturday, turned in his top scoring performance by tossing in 22 points.

—:—

STOVER was the difference in the battle as he sank 10 field goals, with several coming on sweeping hook shots from either the left or right hand. He has had his good and bad nights, but Saturday was his outstanding good one. Stover also led the Potters in rebounds, grabbing 10 off the board.

The Potters almost replayed Friday night's game at Toronto in the closing stages, having a lead and almost giving the contest away.

—:—

EAST LIVERPOOL had a 36-26 margin at halftime, only to go cold in the third quarter as Niles outscored it 19-9 and then went on to tie the score at 45-45 as the fourth period opened.

Niles then went into the lead opening the final period when Dave Allen hit a jump shot for a 47-45 edge.

Stover tied it at 47-47 and the score was knotted again at 49-49.

With 4:30 remaining in the game and both teams battling for the lead, Bob Forzano made two charity tosses and Stover followed with another. Frank McComas dropped in his only field goal of the second half with 3:19 to go and the Potters took command 54-49, then fought off a late Dragon charge to chalk up the victory.

—:—

THE POTTERS bogged down in the second half, scoring only 22 points. Stover tallied 10 of this total and Forzano seven.

Bill Hall, who showed some improvement over Friday's game, wound up with 14 points, 12 coming in the first half. Forzano wound up with 12.

McComas, who has been up and down in the scoring column, finished with nine points following a 24-point effort at Toronto the night before.

—:—

HOWEVER, the Potters didn't need his shooting as much with Stover scoring well from inside. Stover took 17 shots and hit on 10.

Bob Maltarich, the other Potter starter, failed to score, but was replaced early by Dave Bowersock, 5-6, who turned in a neat floor game and came up with several vital steals.

Niles floored a small unit which showed only one starter over the 6-foot mark but hit well from the outside on occasions.

Jim Berline led the hoops with 17 points, while Allen wound up with 14.

—:—

ELHS shot 34 per cent, hitting 23 of 66, while Niles had 31 per cent on 21 of 67.

The Potters will close out the 1963-64 campaign at home with two more games. Martins Ferry invades Friday night, while Weirton brings down the curtain the following Friday.

Saturday's contest was a Big 8 Conference game. The Potters now stand at 3-4 in the loop. Niles is 1-5 and resting in the Big 8 cellar.

Springfield Knocks Tigers Out Of League Contention

Springfield Local of Jefferson County played the role of a "spoiler" in upsetting Wellsville High, 60-59, Saturday night on the Springfield court.

The defeat removed Wellsville from contention in the Buckeye Border Conference race, handing the title to the Toronto Red Knights.

—:—

IT WAS Wellsville's second league loss and the Tigers can make second place at best by defeating Toronto this weekend. The Red Knights were unbeaten in league play, and already own one victory over Wellsville.

Wellsville, defending league champion, lost to Springfield in a photo-finish.

DICK BRATT, 6-2 junior, connected on two free throws with one minute left to hoist Wellsville ahead, 57-56, and pivot Terry Flesch followed with a field goal for a 59-56 advantage.

Waggoner of Springfield retaliated to cut Wellsville's margin to 59-58. Pat Welch put the ball in play from the far end of the court, tossing to Jeff MacLean.

MACLEAN, 5-8 senior, started upcourt but his dribble was cut short by what appeared to be a "dead" spot on the floor. Springfield's Hamby picked up the ball and raced in for a layup to give Springfield a 60-59 lead with nine seconds left.

Bratt got a final shot away for Wellsville, but the ball circled the rim and hopped out as the game ended.

Wellsville had beaten Springfield earlier, 79-60.

—:—

MACLEAN tallied 17 points for his biggest night of the season, while Flesch also delivered 17 with a hot second half. Big Terry was held to six in the first half by Ray of Springfield.

Wellsville takes its 7-8 record against Toronto Friday night, and closes the regular schedule with Steubenville Central Saturday. Both games are at Wellsville.

In the preliminary, the Springfield Reserves gained a 57-49 victory over Wellsville. Harry Thornton hit 17 points and Lee 14 for the Little Tigers. Three starters hit 10 each for the winners.

Simmons Rips Nets For 31, But Blue Wave Halts Bears

FOLLANSBEE—Oak Glen saw its early lead crumble and Follansbee roll on to an 81-70 victory here Saturday night.

The Oak Glen loss came despite a 31-point exhibition by center Sam Simmons. The 31 points also must go down as a new high for an Oak Glen player since the school is in its first season.

With Simmons scoring 12 points in the first quarter, the Golden Bears led by as much as 10 points at one time, but only could manage a 19-17 margin when the period ended.

Follansbee came storming back in the second period to assume a 38-32 halftime lead then put the contest on ice with a 59-43 advantage after three quarters of play.

Both teams went to the foul line regularly. Oak Glen showed an edge in field goals, 25-24 but Follansbee had 46 foul attempts and made 33 while Coach Bob Starkey's team shot 37 free throws and made 20.

Two Oak Glen starters fouled out and two others ended the game with four personals. Follansbee lost one by the foul route.

The Golden Bears were not shy when it came to shooting Saturday. Statistics showed Oak Glen fired 97 times at the hoop and hit 25 for 27 per cent. Follansbee tried 78 times at the hoop and hit 24 for 31.

Simmons made nine field goals in 27 attempts and added 13 of 22 from the foul line. After coming up with a red hot first quarter, Simmons bogged down until the fourth period when he sizzled the nets for 15 points in the span of eight minutes.

Mike Clutter flashed good form in substitute service hooping 13 points after entering the game in the second quarter.

Follansbee was paced by Morris who scored 23 points.

Three other Blue Wave starters made their way to the double figures.

The defeat leaving Oak Glen with a 7-8 mark. The Golden Bears travel to Benwood Union Tuesday.

The Follansbee reserves won, 75-44.

Komives Nets 44 Points To Sink Ohio U.

By HAL PARIS

Bowling Green, a team that's going nowhere in particular, is having a ball these days knocking off the top clubs in the Mid-American Conference.

The Falcons did it again Saturday night with a 76-69 overtime victory over Ohio University. The Bobcats (7-2) saw their first place lead trimmed to a half game over Miami (6-2).

Howard (Butch) Komives, the nation's No. 1 pointmaker, enhanced his chances for All-America recognition with another brilliant performance. He poured in 44 points, a career high, and held Ohio's top shooter, Jerry Jackson, to only three points.

The Falcons, 3-5 in the league and only 7-7 overall, overcame an eight-point deficit in the second half and outscored the Bobcats 11-4 in the extra session.

There were standout performances elsewhere on the Buckeye collegiate front.

All-America Gary Bradds delivered 40 points as Ohio State nipped Indiana 98-96 in overtime; All-America Ron Bonham fired in 38 in Cincinnati's 78-68 triumph over North Texas State; Rex Taylor netted 45 in Wilmington's 93-83 verdict over Defiance, and Ray Snyder tallied 38 for Baldwin-Wallace but the Yellow Jackets bowed to Muskingum, 95-82.

Ancient House

PIETRASANTA, Italy (AP) — The den where a family of cave bears lived, perhaps 30,000 years ago, has been discovered near here by a group of Italian cave explorers. In a grotto 90 feet into a mountainside they found bones and teeth of several cave bears and bones of smaller animals. All these were sent to the University of Pisa for study.

Nicklaus Recalls Arnie's Lesson, Wins At Phoenix

By JACK STEVENSON
Associated Press Sports Writer

PHOENIX, Ariz. (AP) —Jack Nicklaus remembered something Arnold Palmer showed him two years ago and used it to advantage in winning the $50,000 Phoenix Open, an event Arnie had captured the past three years.

"He used a driver on all the holes and won by a mile," Nicklaus recalled as he pocketed the first prize check with a 66 and 72-hole score of 271.

The burly young pro from Columbus, Ohio, proved his ability with a driver when he blasted 350 yards off the tee on the fourth hole and then hit hole high, six feet away from the hole on the 305-yard fifth hole. That brought a birdie and eagle and sent Nicklaus into the lead to stay en route to his first 1964 victory.

"You hit a driver and you have a chance for birdies," Jack explained. "You may hit behind trees a couple of times, but overall it's to your advantage to use the driver."

He proved it with a finish three strokes ahead of the tourney's Cinderella man, Bobby Brue, a former Milwaukee amateur star who got into the event only because 11 others dropped out. Brue, 29, was the last alternate admitted to the field, yet he put together rounds of 70-67-67-70 for a 274.

Until he bogeyed the 15th hole Brue appeared to have a chance of catching Nicklaus, who had three bogeys himself on the back nine after a 30 going out. As it was, bespectacled Bobby collected his largest golf check —$4,000.

Deadlocked at 275 were Gary Player of South Africa, making his first 1964 United States start, and San Diego's Gene Littler. They had 72 and 67 respectively the final day.

George Bayer, the third round leader, went over par on the final two holes to finish at 276 despite being only two strokes behind Nicklaus through 16. He three-putted both the 17th and 18th greens. Big Jack birdied the 18th to boost his margin.

Palmer wound up with 278 and a tie for 11th place.

Palestine Pulls Surprise, Spanks Louisville, 55-48

LOUISVILLE — East Palestine sprung somewhat of a Tri-County surprise here Saturday night walking off with a 55-48 victory over Louisville which was still in contention for the league title.

The Bulldogs of Chick McBride captured their fifth victory as against 11 setbacks. Louisville is now 11-5 on the season.

Bob Dickey tossed in 16 points and Mike Smotrilla added 11 to spark East Palestine. The Bulldogs stayed in front most of the way leading 22-14 at halftime and 35-32 after three periods.

Bob Gladieux scored 20 points for the Leopards.

The Louisville reserves won, 55-26.

LaCroft, St. John's Remain Leaders In Y-Church League

There was no change in the YMCA - Church Basketball League Saturday as LaCroft Nazarene and St. John's Lutheran won their sixth games in a row to lead their respective circuits.

LaCroft, the leader in the Collegiate Division, defeated Boyce Methodist, 14-10. Earl Diddle scored seven points to pace the leaders while Boyd and Howell tallied four each for Boyce Methodist.

St. John's had a little easier time defeating Trinity U. P., 26-17, with Montgomery hitting for 10 points. Chambers scored eight markers and J. Johnson added seven for the losers.

First Methodist and Grace U. P. continued in contention by winning their fifth game in six starts.

First Methodist topped Chester Christian, 27-19, with Taylor's eight points and Scott's seven tallies leading the way. Campbell scored 17 for the Chester five.

Grace U. P. had a battle on its hands before defeating First Nazarene, 18-17. Manning and Smith scored five each to lead Grace U. P. while Six scored 10 points for the Nazarene five.

Chester First Methodist edged Chester Nazarene, 10-9 in an overtime with Forsythe scoring four points to pace the winners. Andrews tallied four points in Chester's defeat.

Close games marked Saturday's schedule with First U.P. nipping Wellsville Central Methodist, 17-16. Flint poured in 13 points for the winners and Culpe tallied six for Wellsville.

Calvary Methodist was a one-sided, 27-4, winner over First Church of Christ. M. March led the victory with 14 and Franklin scored all four markers for the losers.

St. Stephen's Episcopal got into the win column by topping Second U. P., 20-14. Lowe's six points paced the winners while Pridemore hopped 10 points for Second U. P.

Drunk Elephants Flip Wild Trunks In South Africa

JOHANNESBURG, South Africa (AP)—Drunken elephants are terrorizing railroad workers based at a small station in South Africa's Kruger National Park, a large game reserve.

At this time of year some elephants get drunk after eating fermented berries which have dropped from the Maroela trees growing in the park. Like some humans on a bender, some pickled pachyderms become extremely aggressive and unpredictable.

One worker was returning from a party with friends when a drunken bull elephant tossed him off his bicycle and stamped the machine into the ground. The African suffered two broken ribs and cuts on his face, but escaped.

Another worker was sitting on his veranda when he heard a crack in the backyard.

"An old outcast bull elephant we call 'Patrolman' was tearing some fruit trees apart," he said. "Suddenly the wind changed and he came for me. I shut the kitchen door just in time.

"He ran around the cottage for about five minutes, trumpeting and flapping his ears, drunk as can be. Then he stormed off into the bush."

Crestview Sneaks By Greenford

Crestview trailed all the way but some accurate foul shooting by Larry Athey gave the Rebels a 49-47 edge at Greenford Saturday night.

Athey sank five foul shots in the fourth period with the last two providing the winning margin with about 30 seconds remaining.

The victory was the 10th in 17 starts for Coach Larry Webber's five. Athey tallied 18 points to lead the attack while Gail Baughman added 15. Bill Kress scored 10 but the big sophomore was a workhorse on the backboards pulling down 25 rebounds.

Crestview trailed all the way including halftime, 23-20.

Greenford won the reserve game, 38-27.

SANTA MONICA, Calif. (AP) —A large, benign polyp has been removed from the back of Jack Benny's nasal passage.

Benny's surgeon, Dr. Richard T. Barton, said after Sunday's operation that the comedian's condition was good. Benny will be 70 next Friday.

Dr. Barton said the polyp, an inch in diameter, was obstructing his breathing and bothering his speech.

NEW YORK (AP) — Singer Judy Garland, who suffered a concussion in a fall, was released from a hospital Sunday and her attorney, Irving Erdheim, says she's "feeling great."

A maid found the 41-year-old entertainer unconscious on the floor of the dressing room in her hotel suite Saturday night. Miss Garland's physician said she suffered slight cuts on her forehead.

Russians Sweep Olympics; 70,000 See Closing Event

By TED SMITS
Associated Press Sports Editor

INNSBRUCK, Austria (AP)—The turbulent ninth Winter Olympics has sighed to a close, nursing bruises, pondering lessons and wondering whatever happened to the snow.

Russia scooped medal honors with 11 golds, eight silvers and six bronzes. The United States placed eighth in medal standings.

The final Olympic event—the spectacular 90 meters ski jump —was watched in bright sunshine Sunday by a crowd of 70,000, the largest of the games.

The gold medal went to Norway's airborne Toralf Engan with Veikko Kankkonen of Finland second and another Norwegian, Torgeir Brandtzaeg, third.

America finished with one gold medal won by Terry McDermott, a barber from Essexville, Mich., two silvers and three bronzes.

Perhaps the most impressive U.S. finish was in the men's slalom on Saturday. Billy Kidd of Stowe, Vt., won the silver medal and Jim Heuga of Tahoe City, Calif., the bronze. Those were the first American medals in men's skiing in Winter Olympic history.

Even before the games started, there were shocks and alarms. First the weather stayed fair and snowless, and the ski runs had to be handpacked with snow brought in from neighboring valleys. There never was any snowfall for the games.

Then there were two deaths in training with a British tobogganist and an Australian skier the victims. The games eventually settled down to bruising and bloody clashes between the swarming Austrian police and most everybody that fell out with them.

Cameramen and journalists ended up in jail. Three American team members—Bill Marolt, 20, Aspen, Colo.; George Farmer, 25, Seattle, Wash., and Mike Hessel, 21, Eugene, Ore.—also got arrested. They stood up in court, wearing their bruises like badges. The police complained the Americans made all the trouble.

As the time came for extinguishing the Olympic flame in Sunday night's closing ceremony, calm returned to this mountain-rimmed Olympic site.

Russia took the ice hockey title after being pressed to the end by the Canadians, once the champions of them all.

The Alpine skiing events went to the Alpinists with Austria's Egon Zimmermann capturing the men's downhill and his countrywoman Christl Haas taking the women's event.

Austria won one other Alpine title, and France took the other three through Francois Bonlieu (men's giant slalom), Marielle Goitschel (women's giant slalom) and Christine Goitschel (women's slalom).

The Scandinavian countries swept all of the Nordic men's events as expected with Russia's Claudia Boyarskikh picking up three gold medals in the women's division—one of them for a share in the cross country.

Russia's Lidia Skoblikova made history by becoming the first athlete to win four gold medals at a Winter Olympics. She scooped the pool in the women's speed skating, invincible over every distance from 500 to 3,000 meters.

Russia's grasp was broken when the men took over, but the Soviet Union still picked up one gold, with the other three speed skating titles going to McDermott, Sweden's world champion Jonny Nilsson and Norway's Knut Johannesen.

Holland's Sjoukje Dijkstra, overwhelming favorite for the figure skating title, won with hardly a check in her elegant stride. Germany's Manfred Schnelldorfer took the men's championship, and the pairs were won by Ludmill Belousova and Oleg Protopopov of Russia.

The bobsled events were won by England and Canada, both countries without a single bob run but with a lot of ambition.

Important Conference Tilts On Tap

4 Southern Teams Remain Among Country's Powers

By DICK COUCH
Associated Press Sports Writer

College basketball has hit the top of the stretch with a quartet of Southern cage powers bunched near the head of the pack.

Kentucky, Davidson, Vanderbilt and Duke are among the nation's top ten, and all four will be in the thick of this week's scramble for conference and national honors.

Kentucky, No. 3 in last week's Associated Press major college poll, meets Southeastern Conference foe Mississippi State tonight. The Wildcats, tied with Georgia Tech for the lead in a wide-open SEC scramble, ran their season mark to 17-2 Saturday by routing Mississippi 102-59.

Eighth-ranked Vanderbilt is involved in the week's major SEC scraps. Vandy, one-half a game behind in the league race and 17-2 over-all, has toughies with Georgia Tech on Wednesday and Tennessee on Saturday. The Commodores, beaten by Tennessee in their SEC opener, nipped LSU 66-64 Saturday.

Fifth-ranked Davidson, 18-1, preps for Saturday's showdown at seventh-ranked Duke, 15-3, with two Southern Conference games. The Wildcats, idle last Saturday, will try to increase their league lead against Richmond Tuesday and Furman Thursday.

Duke, meanwhile, seeks a 28th straight Atlantic Coast Conference victim at Virginia tonight.

The Blue Devils made it 27 in a row by slugging Maryland 104-72 Saturday.

The rugged Missouri Valley Conference rates top billing tonight, however, as fifth-ranked Wichita puts its MVC lead on the line against upstart Duke.

The Shockers, 17-4, dropped their first Valley decision in seven starts Saturday at Bradley 76-74 while Drake topped St. Louis 70-57. Drake, 4-1 in the MVC and 14-4 over-all, has climbed from last year's league cellar into this season's runner-up spot.

UCLA and Michigan, the nation's No. 1 and No. 2 clubs, each won Saturday. But while Michigan, 16-2, coasted by Big Ten rival Illinois 93-82, the Bruins had to scramble for their 19th straight victory, a 58-56 squeaker over Big Six rival California.

Sixth-ranked Villanova, ninth-ranked Loyola of Chicago and 10th-rated DePaul all stumbled. Villanova lost star Wally Jones with a hip injury as well as a 63-59 decision to LaSalle. St. John's of New York handed Loyola's defending national champs their fifth defeat 71-69 and Memphis State buried DePaul 98-67.

Other major conference leaders and how they fared Saturday:

Southwest: Texas A&M, 6-0, beat Arkansas 72-64.

Big Eight: Oklahoma State, 5-1, beat Missouri 80-61.

Western Athletic: Utah, 3-0, beat Brigham Young 91-89 in overtime.

Ivy: Princeton, Cornell, Yale, Penn, 5-2: Princeton 72, Dartmouth 65; Cornell 84, Brown 68; Yale 73, Columbia 57; Penn 75, Harvard 67.

Bowling Green, a team that's going nowhere in particular, is having a ball these days knocking off the top clubs in the Mid-American Conference.

The Falcons did it again Saturday night with a 76-69 overtime victory over Ohio University. The Bobcats (7-2) saw their first place lead trimmed to a half game over Miami (6-2).

Howard (Butch) Komives, the nation's No. 1 pointmaker, enhanced his chances for All-America recognition with another brilliant performance. He poured in 44 points, a career high, and held Ohio's top shooter, Jerry Jackson, to only three points.

The Falcons, 3-5 in the league and only 7-7 overall, overcame an eight-point deficit in the second half and outscored the Bobcats 11-4 in the extra session.

There were standout performances elsewhere on the Buckeye collegiate front.

All-America Gary Bradds delivered 40 points as Ohio State nipped Indiana 98-96 in overtime; All-America Ron Bonham fired in 38 in Cincinnati's 78-68 triumph over North Texas State; Rex Taylor netted 45 in Wilmington's 93-83 verdict over Defiance, and Ray Snyder tallied 38 for Baldwin-Wallace but the Yellow Jackets bowed to Muskingum, 95-82.

Ancient House

PIETRASANTA, Italy (AP) — The den where a family of cave bears lived, perhaps 30,000 years ago, has been discovered near here by a group of Italian cave explorers. In a grotto 90 feet into a mountainside they found bones and teeth of several cave bears and bones of smaller animals. All these were sent to the University of Pisa for study.

Nicklaus Recalls Arnie's Lesson, Wins At Phoenix

By JACK STEVENSON
Associated Press Sports Writer

PHOENIX, Ariz. (AP) —Jack Nicklaus remembered something Arnold Palmer showed him two years ago and used it to advantage in winning the $50,000 Phoenix Open, an event Arnie had captured the past three years.

"He used a driver on all the holes and won by a mile," Nicklaus recalled as he pocketed the first prize check with a 66 and 72-hole score of 271.

The burly young pro from Columbus, Ohio, proved his ability with a driver when he blasted 350 yards off the tee on the fourth hole and then hit hole high, six feet away from the hole on the 305-yard fifth hole. That brought a birdie and eagle and sent Nicklaus into the lead to stay en route to his first 1964 victory.

"You hit a driver and you have a chance for birdies," Jack explained. "You may hit behind trees a couple of times, but overall it's to your advantage to use the driver."

He proved it with a finish three strokes ahead of the tourney's Cinderella man, Bobby Brue, a former Milwaukee amateur star who got into the event only because 11 others dropped out. Brue, 29, was the last alternate admitted to the field, yet he put together rounds of 70-67-67-70 for a 274.

Until he bogeyed the 15th hole Brue appeared to have a chance of catching Nicklaus, who had three bogeys himself on the back nine after a 30 going out. As it was, bespectacled Bobby collected his largest golf check —$4,000.

Deadlocked at 275 were Gary Player of South Africa, making his first 1964 United States start, and San Diego's Gene Littler. They had 72 and 67 respectively the final day.

George Bayer, the third round leader, went over par on the final two holes to finish at 276 despite being only two strokes behind Nicklaus through 16. He three-putted both the 17th and 18th greens. Big Jack birdied the 18th to boost his margin.

Palmer wound up with 278 and a tie for 11th place.

Palestine Pulls Surprise, Spanks Louisville, 55-48

LOUISVILLE — East Palestine sprung somewhat of a Tri-County surprise here Saturday night walking off with a 55-48 victory over Louisville which was still in contention for the league title.

The Bulldogs of Chick McBride captured their fifth victory as against 11 setbacks. Louisville is now 11-5 on the season.

Bob Dickey tossed in 16 points and Mike Smotrilla added 11 to spark East Palestine. The Bulldogs stayed in front most of the way leading 22-14 at halftime and 35-32 after three periods.

Bob Gladieux scored 20 points for the Leopards.

The Louisville reserves won, 55-26.

LaCroft, St. John's Remain Leaders In Y-Church League

There was no change in the YMCA - Church Basketball League Saturday as LaCroft Nazarene and St. John's Lutheran won their sixth games in a row to lead their respective circuits.

LaCroft, the leader in the Collegiate Division, defeated Boyce Methodist, 14-10. Earl Diddle scored seven points to pace the leaders while Boyd and Howell tallied four each for Boyce Methodist.

St. John's had a little easier time defeating Trinity U. P., 26-17, with Montgomery hitting for 10 points. Chambers scored eight markers and J. Johnson added seven for the losers.

First Methodist and Grace U. P. continued in contention by winning their fifth game in six starts.

First Methodist topped Chester Christian, 27-19, with Taylor's eight points and Scott's seven tallies leading the way. Campbell scored 17 for the Chester five.

Grace U. P. had a battle on its hands before defeating First Nazarene, 18-17. Manning and Smith scored five each to lead Grace U. P. while Six scored 10 points for the Nazarene five.

Chester First Methodist edged Chester Nazarene, 10-9 in an overtime with Forsythe scoring four points to pace the winners. Andrews tallied four points in Chester's defeat.

Close games marked Saturday's schedule with First U.P. nipping Wellsville Central Methodist, 17-16. Flint poured in 13 points for the winners and Culpe tallied six for Wellsville.

Calvary Methodist was a one-sided, 27-4, winner over First Church of Christ. M. March led the victory with 14 and Franklin scored all four markers for the losers.

St. Stephen's Episcopal got into the win column by topping Second U. P., 20-14. Lowe's six points paced the winners while Pridemore hopped 10 points for Second U. P.

Drunk Elephants Flip Wild Trunks In South Africa

JOHANNESBURG, South Africa (AP)—Drunken elephants are terrorizing railroad workers based at a small station in South Africa's Kruger National Park, a large game reserve.

At this time of year some elephants get drunk after eating fermented berries which have dropped from the Maroela trees growing in the park. Like some humans on a bender, some pickled pachyderms become extremely aggressive and unpredictable.

One worker was returning from a party with friends when a drunken bull elephant tossed him off his bicycle and stamped the machine into the ground. The African suffered two broken ribs and cuts on his face, but escaped.

Another worker was sitting on his veranda when he heard a crack in the backyard.

"An old outcast bull elephant we call 'Patrolman' was tearing some fruit trees apart," he said. "Suddenly the wind changed and he came for me. I shut the kitchen door just in time.

"He ran around the cottage for about five minutes, trumpeting and flapping his ears, drunk as can be. Then he stormed off into the bush."

SANTA MONICA, Calif. (AP) —A large, benign polyp has been removed from the back of Jack Benny's nasal passage.

Benny's surgeon, Dr. Richard T. Barton, said after Sunday's operation that the comedian's condition was good. Benny will be 70 next Friday.

Dr. Barton said the polyp, an inch in diameter, was obstructing his breathing and bothering his speech.

NEW YORK (AP) — Singer Judy Garland, who suffered a concussion in a fall, was released from a hospital Sunday and her attorney, Irving Erdheim, says she's "feeling great."

A maid found the 41-year-old entertainer unconscious on the floor of the dressing room in her hotel suite Saturday night. Miss Garland's physician said she suffered slight cuts on her forehead.

Crestview Sneaks By Greenford

Crestview trailed all the way but some accurate foul shooting by Larry Athey gave the Rebels a 49-47 edge at Greenford Saturday night.

Athey sank five foul shots in the fourth period with the last two providing the winning margin with about 30 seconds remaining.

The victory was the 10th in 17 starts for Coach Larry Webber's five. Athey tallied 18 points to lead the attack while Gail Baughman added 15. Bill Kress scored 10 but the big sophomore was a workhorse on the backboards pulling down 25 rebounds.

Crestview trailed all the way including halftime, 23-20.

Greenford won the reserve game, 38-27.

Russians Sweep Olympics; 70,000 See Closing Event

By TED SMITS
Associated Press Sports Editor

INNSBRUCK, Austria (AP)—The turbulent ninth Winter Olympics has sighed to a close, nursing bruises, pondering lessons and wondering whatever happened to the snow.

Russia scooped medal honors with 11 golds, eight silvers and six bronzes. The United States placed eighth in medal standings.

The final Olympic event—the spectacular 90 meters ski jump —was watched in bright sunshine Sunday by a crowd of 70,000, the largest of the games.

The gold medal went to Norway's airborne Toralf Engan with Veikko Kankkonen of Finland second and another Norwegian, Torgeir Brandtzaeg, third.

America finished with one gold medal won by Terry McDermott, a barber from Essexville, Mich., two silvers and three bronzes.

Perhaps the most impressive U.S. finish was in the men's slalom on Saturday. Billy Kidd of Stowe, Vt., won the silver medal and Jim Heuga of Tahoe City, Calif., the bronze. Those were the first American medals in men's skiing in Winter Olympic history.

Even before the games started, there were shocks and alarms. First the weather stayed fair and snowless, and the ski runs had to be hand-packed with snow brought in from neighboring valleys. There never was any snowfall for the games.

Then there were two deaths in training with a British tobogganist and an Australian skier the victims. The games eventually settled down to bruising and bloody clashes between the swarming Austrian police and most everybody that fell out with them.

Cameramen and journalists ended up in jail. Three American team members—Bill Marolt, 20, Aspen, Colo.; George Farmer, 25, Seattle, Wash., and Mike Hessel, 21, Eugene, Ore.—also got arrested. They stood up in court, wearing their bruises like badges. The police complained the Americans made all the trouble.

As the time came for extinguishing the Olympic flame in Sunday night's closing ceremony, calm returned to this mountain-rimmed Olympic site.

Russia took the ice hockey title after being pressed to the end by the Canadians, once the champions of them all.

The Alpine skiing events went to the Alpinists with Austria's Egon Zimmermann capturing the men's downhill and his countrywoman Christl Haas taking the women's event.

Austria won one other Alpine title, and France took the other three through Francois Bonlieu (men's giant slalom), Marielle Goitschel (women's giant slalom) and Christine Goitschel (women's slalom).

The Scandinavian countries swept all of the Nordic men's events as expected with Russia's Claudia Boyarskikh picking up three gold medals in the women's division—one of them for a share in the cross country.

Russia's Lidia Skoblikova made history by becoming the first athlete to win four gold medals at a Winter Olympics. She scooped the pool in the women's speed skating, invincible over every distance from 500 to 3,000 meters.

Russia's grasp was broken when the men took over, but the Soviet Union still picked up one gold, with the other three speed skating titles going to McDermott, Sweden's world champion Jonny Nilsson and Norway's Knut Johannesen.

Holland's Sjoukje Dijkstra, overwhelming favorite for the figure skating title, won with hardly a check in her elegant stride. Germany's Manfred Schnelldorfer took the men's championship, and the pairs were won by Ludmill Belousova and Oleg Protopopov of Russia.

The bobsled events were won by England and Canada, both countries without a single bob run but with a lot of ambition.

Important Conference Tilts On Tap

4 Southern Teams Remain Among Country's Powers

By DICK COUCH
Associated Press Sports Writer

College basketball has hit the top of the stretch with a quartet of Southern cage powers bunched near the head of the pack.

Kentucky, Davidson, Vanderbilt and Duke are among the nation's top ten, and all four will be in the thick of this week's scramble for conference and national honors.

Kentucky, No. 3 in last week's Associated Press major college poll, meets Southeastern Conference foe Mississippi State tonight. The Wildcats, tied with Georgia Tech for the lead in a wide-open SEC scramble, ran their season mark to 17-2 Saturday by routing Mississippi 102-59.

Eighth-ranked Vanderbilt is involved in the week's major SEC scraps. Vandy, one-half a game behind in the league race and 17-2 over-all, has toughies with Georgia Tech on Wednesday and Tennessee on Saturday. The Commodores, beaten by Tennessee in their SEC opener, nipped LSU 66-64 Saturday.

Fifth-ranked Davidson, 18-1, preps for Saturday's showdown at seventh-ranked Duke, 15-3, with two Southern Conference games. The Wildcats, idle last Saturday, will try to increase their league lead against Richmond Tuesday and Furman Thursday.

Duke, meanwhile, seeks a 28th straight Atlantic Coast Conference victim at Virginia tonight.

The Blue Devils made it 27 in a row by slugging Maryland 104-72 Saturday.

The rugged Missouri Valley Conference rates top billing tonight, however, as fifth-ranked Wichita puts its MVC lead on the line against upstart Duke.

The Shockers, 17-4, dropped their first Valley decision in seven starts Saturday at Bradley 76-74 while Drake topped St. Louis 70-57. Drake, 4-1 in the MVC and 14-4 over-all, has climbed from last year's league cellar into this season's runner-up spot.

UCLA and Michigan, the nation's No. 1 and No. 2 clubs, each won Saturday. But while Michigan, 16-2, coasted by Big Ten rival Illinois 93-82, the Bruins had to scramble for their 19th straight victory, a 58-56 squeaker over Big Six rival California.

Sixth-ranked Villanova, ninth-ranked Loyola of Chicago and 10th-rated DePaul all stumbled. Villanova lost star Wally Jones with a hip injury as well as a 63-59 decision to LaSalle. St. John's of New York handed Loyola's defending national champs their fifth defeat 71-69 and Memphis State buried DePaul 98-67.

Other major conference leaders and how they fared Saturday:

Southwest: Texas A&M, 6-0, beat Arkansas 72-64.

Big Eight: Oklahoma State, 5-1, beat Missouri 80-61.

Western Athletic: Utah, 3-0, beat Brigham Young 91-89 in overtime.

Ivy: Princeton, Cornell, Yale, Penn, 5-2: Princeton 72, Dartmouth 65; Cornell 84, Brown 68; Yale 73, Columbia 57; Penn 75, Harvard 67.

Icy Collision Claims Martins Ferry Driver

MARTINS FERRY, Ohio (AP) — A father of two, driving to work at the Wheeling Steel plant in Yorkville, became Martins Ferry's first traffic fatality of the year today.

An emergency squad found Charles Frank Barr, 56, of Martins Ferry, dead in his car after a collision at an icy intersection. The other driver escaped serious injury.

Shelves Prove Useful On Walls In A Garage

By ANDY LANG
AP Newsfeatures

Stand in the center of your garage (when the car isn't there) and make a complete, slow turn. Look at all that wall space going to waste.

It requires no capentry skill to put up shelves between the studs of garages with unfinished inside walls.

Almost any type of avilable lumber will do for this purpose. You can use plywood strips if desired, or you may happen to have some scrap pieces of plywood around. You will find it easy to set the shelves on wooden or metal supports nailed or screwed to the sides of the studs.

Tools, garden implements and the like can be hung from metal hooks set into the perforations of hardboard.

The hardboard is easily attached to the studding. In the event that the inside of your garage is finished — that is, it has a flat-surfaced wall — you will have to attach furring strips in order to make use of perforated hardboard.

If you do not do this, there will be no space behind the hardboard panels to insert the metal hooks.

If the inside walls of your garage are concrete or some form of masonry, attachments will be more difficult than with wood.

Masonry shields or anchors may be the answer. These are small, hollow receptacles which are inserted in holes drilled into the concrete with either a power drill with a carbide-tipped bit or with a star drill.

When a screw or special bolt is inserted into the shield or anchor, the receptacle expands, firmly gripping itself inside the concrete. In drilling the hole, make it slightly smaller than the shield or anchor, which is tapped into place to make a snug fit.

Masonry nails also can be used. These are hammered into the concrete like ordinary nails, but require strong blows.

Some of the new epoxy adhesives permit the attachment of wood or other materials directly to the concrete. Furring strips or studding are hammered onto nails sticking out from the metal squares.

Should your garage be so small that there is no room at all to put anything on the side walls, you still can make use of the space at the back end.

Suspend shelves from the ceiling rafters with 2 by 4 stringers, being certain that the shelves are high enough to permit the hood of the car to fit under them.

Sicilian Police Snare Mafia Leader In Bed

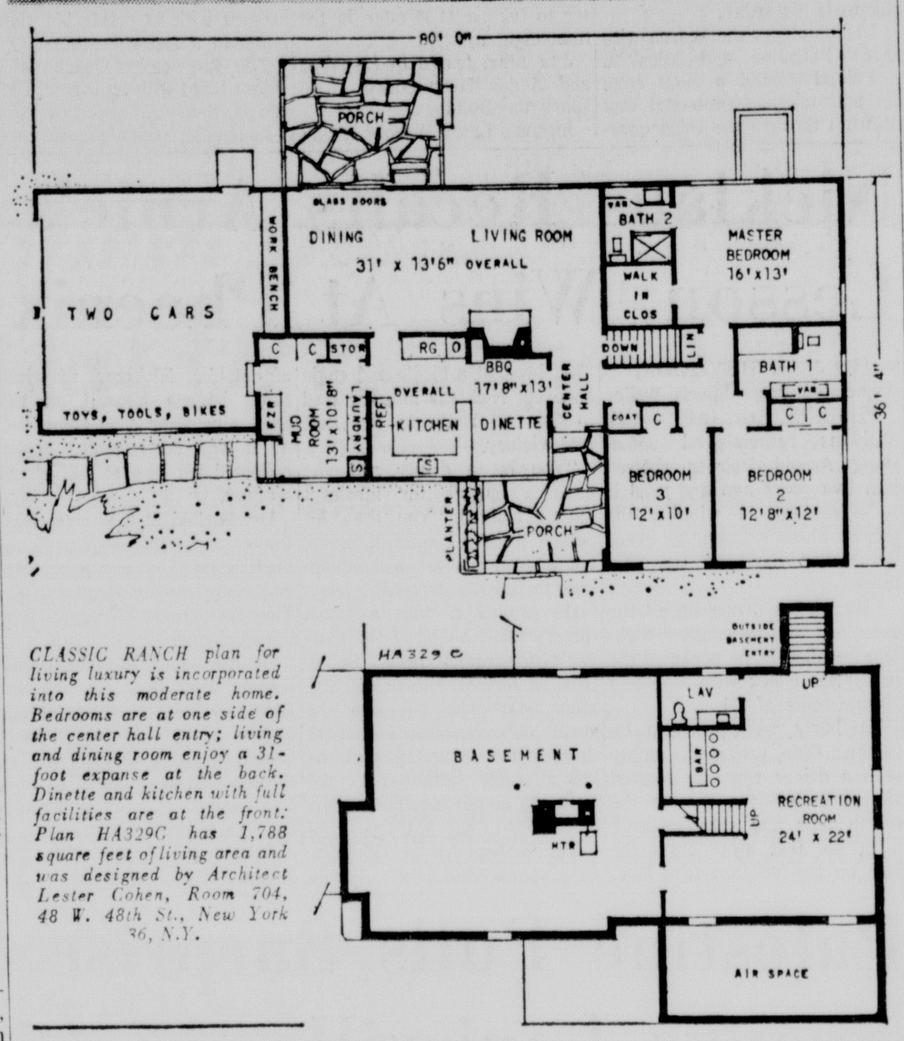

PALERMO, Sicily (AP) — Mafia chief Petro Torreth, wanted for more than a dozen murders, including the booby-trapping of a car that killed seven policemen June 30, was trapped in bed.

Police said the 52-year-old gangster was armed but that national police and soldiers moved so fast into his apartment on the edge of Palermo Saturday night that he could not fire.

The government began a crackdown on the secret crime gang last summer.

Steel Shows Gain Over '63

CLEVELAND (AP) — Steel production is about 13.5 per cent ahead of last year with orders coming in faster than shipments are going out, Steel magazine reported today.

Shipments are running about 12 per cent ahead of last year and some of the nation's steel mills are starting to extend delivery promises, the publication said.

A few mills in the Midwest are now quoting a four to six weeks wait, with others about to make four weeks the minimum. In the East, delivery promises have tightened on speciality steel products.

"Hot rolled coils are being quoted at two to three weeks, but buyers are having a hard time getting the inside promise," the magazine said.

"With such demand, there is little doubt that the industry is heading for a good production year," the national metalworking weekly added. "Current forecasts vary from 110 million to 114 million tons."

Major producers of light, flat rolled products have been booking orders at 75 to 85 per cent of capacity, while melting raw steel at a 65 to 70 per cent rate, Steel reported.

The auto industry, steel's best customer, will continue to give the market more support than any other consuming group, at least until construction activity hits full stride, Steel said.

Automakers hope to build 2,108,000 cars and 407,000 trucks this quarter, Steel said. If they do, auto - truck output of 2,515,000 units will be higher than that of any previous quarter in history. Best previous performance: 2,506,378 in the second quarter of 1955.

The magazine expects this week to show a seventh consecutive increase in steelmaking operations. Production will exceed slightly the 2.23 million tons that steel estimated the industry poured last week.

Steel's price composite last week on the prime grade scrap, No. 1 heavy melting, was $29, down 33 cents.

2,000 Hold Anti-U.S. Gathering In Panama

PANAMA (AP) — A renewed pledge to press Panama's charges of U.S. aggression before the United Nations if the Organization of American States fails to act was delivered to more than 2,000 anti-American demonstrators Sunday night.

Max Arosemena, ranking cabinet minister, made the promise to a rally organized by the Panamanian Students Federation.

The demonstrators gathered at the Presidential Palace and heard Arosemena, then marched into downtown Panama and stoned a Cuban exile headquarters building. Speakers denounced the exiles as "worms supporting North American imperialism."

Kremlin Studies Plans To Aid Farm Problem

MOSCOW (AP) — Threatened with another bad crop year, Premier Khrushchev today opened a second special winter meeting of the Communist party Central Committee to discuss farm problems.

The Communist party organ, Pravda, said the Kremlin meeting will work out measures for increasing farm production by the use of more chemical fertilizers, more mechanization and the application of scientific principles.

Exterior Touches Can Make Big Difference In A Home

By DOUGLAS TUOMEY

The average house we see today, built for the mass market, lacks something in appearance because the builder could not afford to indulge in any extra costs which would make the house a bit more attractive.

As long as the house offers the major modern conveniences, and the price is right, a purchaser will be found.

This type of dwelling is usually treated in one of two ways by the owner. Either he will embellish it with a lot of inappropriate and fancy trimmings or he will leave it stark but functional, as it was when he bought it. Be this as it may, there is a happy medium for the owner of the plain house, and it is not costly.

Many things can be done to a house exterior that are worth consideration. Some houses are built with the second floor extending slightly out from the wall of the first floor, leaving a rather abrupt and not too handsome corner.

The addition of an ornamental drop, at the cost of three or four dollars, promptly changes the entire appearance, and much for the better.

A blank garage door, never a particularly pleasant - looking affair, is immediately improved by a spreading wrought-iron lamp overhead.

The long bare line of a house addition or garage roof is vastly improved by a cupola and weather vane, but it must be in proper proportion and not merely a peanut-on-the-barrel affair. A brick wall may be changed to something other than a sheer line of masonry by simply setting an urn or other ornamental concrete piece at the end.

A front door, no matter how plain, will keep out intruders and exclude the weather, but there is no denying the fact that it would look better with a nice brass knocker in the center.

Geneva College Spurs Programs For Development

BEAVER FALLS, Pa. — W. Scott Bliss, assistant to the president of Geneva College, has been named vice president in charge of development for the college.

Dr. Edwin C. Clarke, president of Geneva, in making the announcement, said: "In view of recently announced plans of the college, it is imperative that the college development, alumni and public relations programs be fully coordinated."

Geneva expects to increase its day enrollment to 1,500 by 1967 to meet the needs of the area.

For the last four years, Bliss has been president and treasurer of Bliss Ford Sales at New Castle. He was president of the Kidd Drawn Steel Co. of West Aliquippa from 1950 to 1958. Until he founded Bliss Ford Sales, he was vice president in charge of marketing for the Vulcan-Kidd Division of the H. K. Porter Co.

"In God We Trust" became the U.S. national motto on July 30, 1956.

Icy Collision Claims Martins Ferry Driver

MARTINS FERRY, Ohio (AP) — A father of two, driving to work at the Wheeling Steel plant in Yorkville, became Martins Ferry's first traffic fatality of the year today.

An emergency squad found Charles Frank Barr, 56, of Martins Ferry, dead in his car after a collision at an icy intersection. The other driver escaped serious injury.

Shelves Prove Useful On Walls In A Garage

By ANDY LANG
AP Newsfeatures

Stand in the center of your garage (when the car isn't there) and make a complete, slow turn. Look at all that wall space going to waste.

It requires no capentry skill to put up shelves between the studs of garages with unfinished inside walls.

Almost any type of avilable lumber will do for this purpose. You can use plywood strips if desired, or you may happen to have some scrap pieces of plywood around. You will find it easy to set the shelves on wooden or metal supports nailed or screwed to the sides of the studs.

Tools, garden implements and the like can be hung from metal hooks set into the perforations of hardboard.

The hardboard is easily attached to the studding. In the event that the inside of your garage is finished — that is, it has a flat-surfaced wall — you will have to attach furring strips in order to make use of perforated hardboard.

If you do not do this, there will be no space behind the hardboard panels to insert the metal hooks.

If the inside walls of your garage are concrete or some form of masonry, attachments will be more difficult than with wood.

Masonry shields or anchors may be the answer. These are small, hollow receptacles which are inserted in holes drilled into the concrete with either a power drill with a carbide-tipped bit or with a star drill.

When a screw or special bolt is inserted into the shield or anchor, the receptacle expands, firmly gripping itself inside the concrete. In drilling the hole, make it slightly smaller than the shield or anchor, which is tapped into place to make a snug fit.

Masonry nails also can be used. These are hammered into the concrete like ordinary nails, but require strong blows.

Some of the new epoxy adhesives permit the attachment of wood or other materials directly to the concrete. Furring strips or studding are hammered onto nails sticking out from the metal squares.

Should your garage be so small that there is no room at all to put anything on the side walls, you still can make use of the space at the back end.

Suspend shelves from the ceiling rafters with 2 by 4 stringers, being certain that the shelves are high enough to permit the hood of the car to fit under them.

Sicilian Police Snare Mafia Leader In Bed

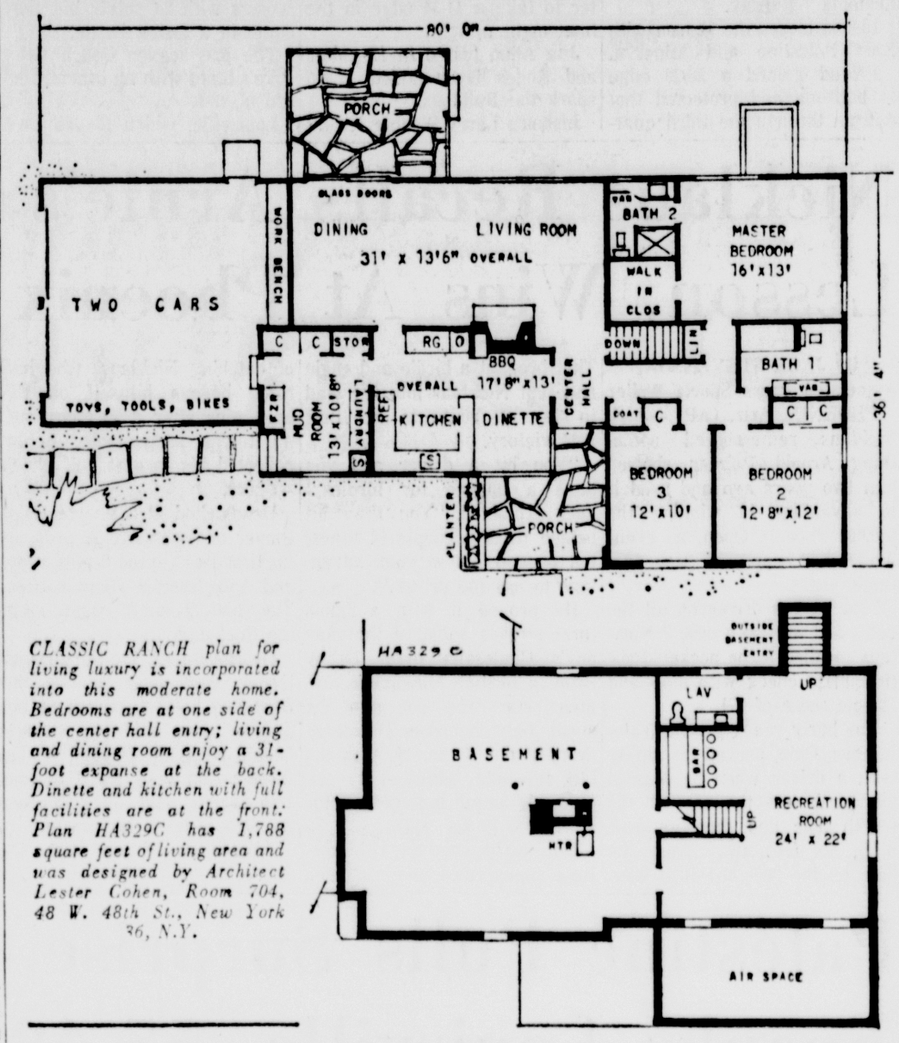

PALERMO, Sicily (AP) — Mafia chief Petro Torreth, wanted for more than a dozen murders, including the booby-trapping of a car that killed seven policemen June 30, was trapped in bed.

Police said the 52-year-old gangster was armed but that national police and soldiers moved so fast into his apartment on the edge of Palermo Saturday night that he could not fire.

The government began a crackdown on the secret crime gang last summer.

Steel Shows Gain Over '63

CLEVELAND (AP) — Steel production is about 13.5 per cent ahead of last year with orders coming in faster than shipments are going out, Steel magazine reported today.

Shipments are running about 12 per cent ahead of last year and some of the nation's steel mills are starting to extend delivery promises, the publication said.

A few mills in the Midwest are now quoting a four to six weeks wait, with others about to make four weeks the minimum. In the East, delivery promises have tightened on speciality steel products.

"Hot rolled coils are being quoted at two to three weeks, but buyers are having a hard time getting the inside promise," the magazine said.

"With such demand, there is little doubt that the industry is heading for a good production year," the national metalworking weekly added. "Current forecasts vary from 110 million to 114 million tons."

Major producers of light, flat rolled products have been booking orders at 75 to 85 per cent of capacity, while melting raw steel at a 65 to 70 per cent rate, Steel reported.

The auto industry, steel's best customer, will continue to give the market more support than any other consuming group, at least until construction activity hits full stride, Steel said.

Automakers hope to build 2,108,000 cars and 407,000 trucks this quarter, Steel said. If they do, auto - truck output of 2,515,000 units will be higher than that of any previous quarter in history. Best previous performance: 2,506,378 in the second quarter of 1955.

The magazine expects this week to show a seventh consecutive increase in steelmaking operations. Production will exceed slightly the 2.23 million tons that steel estimated the industry poured last week.

Steel's price composite last week on the prime grade scrap, No. 1 heavy melting, was $29, down 33 cents.

2,000 Hold Anti-U.S. Gathering In Panama

PANAMA (AP) — A renewed pledge to press Panama's charges of U.S. aggression before the United Nations if the Organization of American States fails to act was delivered to more than 2,000 anti-American demonstrators Sunday night.

Max Arosemena, ranking cabinet minister, made the promise to a rally organized by the Panamanian Students Federation.

The demonstrators gathered at the Presidential Palace and heard Arosemena, then marched into downtown Panama and stoned a Cuban exile headquarters building. Speakers denounced the exiles as "worms supporting North American imperialism."

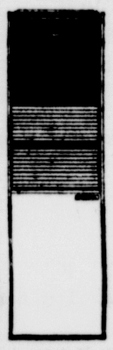

Kremlin Studies Plans To Aid Farm Problem

MOSCOW (AP) — Threatened with another bad crop year, Premier Khrushchev today opened a second special winter meeting of the Communist party Central Committee to discuss farm problems.

The Communist party organ, Pravda, said the Kremlin meeting will work out measures for increasing farm production by the use of more chemical fertilizers, more mechanization and the application of scientific principles.

You Can Get Things Ready For Summer

PORTLAND, Ore. — If spring is the time for yard construction, winter is the time to dream about it. What better way to spend an evening by the fireside than in planning for the advent of spring.

Cold weather does make it hard to imagine blue sky temperatures, but there are ways to conjur up a vision of a hot summer day.

For one, try standing close to the blazing hearth till the heat becomes unbearable and this will bring you to thoughts of outdoor lounging and the need for a patio sunshade.

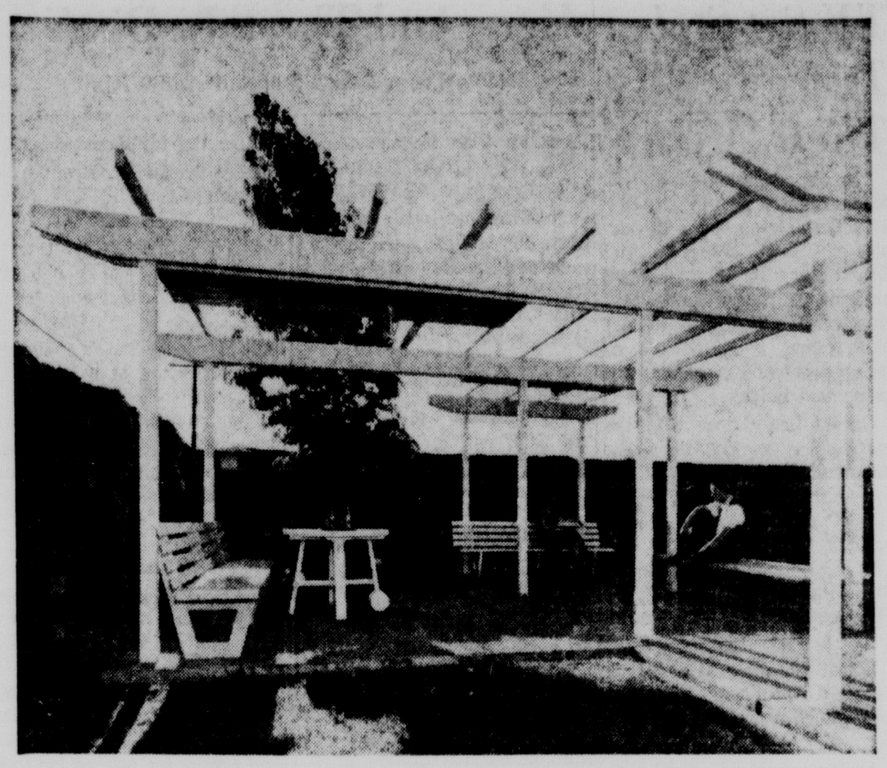

Now, naturally, you don't want to get involved in anything too elaborate construction-wise for the sunshade, so center your creative thoughts on a simple post-and-beam structure. A trellis - style patio roof can provide an amazing quantity of good shade, but it's easy to build and uses only common grades and sizes of fir lumber.

Posts can be 4x4s, the main supporting beams 2x8s. Cross pieces can be 2x4s set on edge for interesting appearance and spaced according to the quantity of shade needed.

For a west or south patio, it's often a good idea to top the 2x4s with 1x4s laid flat and spaced a half-inch apart. This gives dense shade, but also allows good air flow. Or the 2x4s may be used as a trellis for climbing, leafy vines.

Douglas fir takes paint well and a painted surface is often preferred when the home is a traditional style. But for the lowest possible upkeep, the fir sunshade can be left to weather naturally, without finish of any kind. Or it could be stained a light, natural wood shade.

When planning your dream patio for pleasant summertime use, consider extending it into a conversation area, using a T-shape in one corner of the yard. Seating benches can be installed around the T to face each other companionably. A fence or tall hedge around this corner of the yard will keep the area cozy and private.

IF YOU DON'T WANT to get caught in a hot spot come summer, plan a shady trellis installation for a garden corner. Simple system of Douglas fir posts and beams roofs this outdoor room, can also support leafy climbers or sections of slat roof. Add benches to create a conversation circle, and you're set for a party or a private hour of bird watching.

Hints *from* Heloise

— By Heloise Cruse —

Dear Heloise: Try using dishwasher detergent mixed with water to scrub pants, denim seats in baby walkers, jumpers and swings.

I also use dishwashing detergent for the family's sneakers and all the shoelaces. (I shake the shoelaces in a jar, three-fourths full of hot water with some of this detergent added.)

It will soak-clean those "hard-to-reach" vase bottoms, teapot rings, cut glass articles, knick-knacks, etc. It will clean almost anything glass . . . even heavy materials.

Soaking in very hot water is most effective. On materials I use a heavy brush.

Always rinse thoroughly anything that has been washed in dishwasher detergent because some detergents contain various chemicals which might not be safe.

JINNY RANKIN.

-:-

Dear Jinny: I cannot say you are wrong. In fact you have a real bright idea!

I have checked with a National Institute chemist and he says that dishwashing detergent compounds have a different type and kind of cleaning agent than usual laundering detergents.

I do suggest (and so did the chemist) that you rinse your garments well after using this method. Also he agreed that a rinse in vinegar water afterwards . . . will help neutralize any remaining detergent.

Read the directions on the side of the box of dishwashing detergent for details. Especially: "CAUTIONS."

HELOISE.

DEAR HELOISE: Your white nylon net is wonderful to use when I scald vegetables before placing them in my freezer. (I use it for blanching, too.)

The net works better than cheese cloth because the water drains out faster.

I use half a yard of net, place my vegetables in the center, use either safety pins or a rubber band to tie them in securely, and then put the whole thing down into the boiling water.

One can use forceps and easily lift the gathered end of the net out when the vegetables are done. The cloth is sanitary and may be used over and over again.

It's a snap.

E. Mc.

-:-

You little darling!

HELOISE.

DEAR HELOISE: Here is the recipe for old-fashioned sugar starch. This is generally used for hand-crocheted doilies, etc.

Use one-fourth cup of water and three-fourths cup of sugar. I mix this and stir over low heat but do not boil.

Remove from heat when the mixture is clear and it is not sugary any more. Let cool slightly.

Dip the crocheted piece in warm water first and then roll it in a bath towel to absorb as much of the water as possible.

Then dip your crocheted piece in your sugar starch and stretch it to the desired shape. Pat with a cloth to remove excess moisture and let dry thoroughly.

GRANDMOTHER AT 39.

-:-

Gee, you must have been married real young! I don't have a grandbaby yet.

HELOISE.

DEAR HELOISE: Don't throw away those odds and ends of leftover cereals, snacks and crackers even if they are stale. . . .

I save all of mine in a covered glass jar and grind them in my electric blender. They made delightfully different toppings for my favorite casseroles!

Do not be afraid to use your imagination and mix several kinds together. Makes it even better.

MRS. PETER SCHOMER.

DEAR HELOISE: For the unfortunate people who have to drive in the snow and fight the ice in parking lots and driveways, etc., I suggest popping a box of salt in the trunk of your car to have on hand for emergencies.

Sprinkle it on the ice to get your wheels moving. It saves many frayed nerves, and you drive off smoothly!

A box of salt costs just a few cents and by keeping it in the car during the winter for this purpose, it sure saves spinning those wheels and tearing up the tires!

THE OLD SALT.

Dream Kitchen

★ ★ ★ ★ ★ ★

New Principle Is Explained

By VIVIAN BROWN
AP Newsfeatures Writer

After designing 17 lines of kitchens for manufacturers, David Humphrey struck his dream kitchen — approaching the entire kitchen idea from a new principle of rotating drawers and tambour doors.

It's a knock - down, durable, completely utilitarian storage arrangement.

"Box - style cabinets created by cabinetmakers as furniture continued to be used by manufacturers without re-examining problems that required new techniques. New materials were applied to the same old principles of outer boxes and inner boxes, creating a complicated structural system requiring draw guides that must work parallel in order to suspend boxes," he explains.

—:—

FOR ONE thing, with the new knock - down system, a great shipping advantage has been devised. Thirty of these kitchens designed for Orbit Imperial may be shipped on a truck in contrast to about three of the box-style units, he says. Aluminum extrusions and high pressure laminate, textolite, are used.

"Drawers hang on a steel shaft so that everything is hidden when closed, but when opened by a touch, each section swings around. There are quarter circles (on the end), half circles (in the middle section) and three - quarter circles (as on the inside corner of an L). Pull out the drawers and you have an exposed section under it so that everything is accessible for cleaning, even the floors."

The storage gained by this method "is fantastic", he says. Every part of the circle is accessible for visibility. Drawers are of different depths for pots and pans, other kitchen ware and utensils.

"Tambour doors on upper cabinets glide around corners out of sight so that units may be left open until the meal is completed," Humphrey says illustrating the mechanical feature, made possible by elastic running through the plastic slats.

—:—

HUNDREDS OF drawer arrangements may be made because of the modular feature, he points out.

They've come down as far from the ceiling and up so far from the floor in one of these kitchens that only 60 inches is needed from top to bottom of the cabinets.

"We've done everything within the optimum area, so the average woman can reach to the top without standing on her toes, and pick up things below without bending down," he says.

He and Alphonso Villa, his partner, who handles mechanical features, have worked five years on details of the design and have been observing more than 1,800 test kitchens in Puerto Rican homes. The kitchen is made there mainly, with some parts made more economically here.

The drawer designs permit a mixing and matching of colors. One yummy looking kitchen uses six colors; another is in a cool turquoise, pale green and white.

There is an all-beige kitchen with acrylic sliding doors of pale amethyst and green, resembling pebbled glass, another experiment. There are wood - grain kitchens.

Tips Are Offered For Study Stand To Hold Bandsaw

Question: I want to make a wooden stand for a second-hand bandsaw I bought a couple of weeks ago. How high should such a stand be?

Answer: First, one of the disadvantages of the home - made stands is that they tend to become loose and wobbly after a time because of the constant vibration from the power machine. In recent years, more and more of these stands are being made of metal.

But if you wish to make your own of wood, greater strength can be obtained by making it with mortised, lapped or joints other than ordinary butt joints.

There's one other way to insure a solidly - constructed stand for this purpose. Use metal rods as braces. These rods must be threaded at both ends, so that after they connect parts of the frame, they can be held tightly in place with washers and nuts.

The added rigidity given to the frame by these braces will insure many extra years of life to the stand.

As for the dimensions, while the recommended height for a bandsaw stand is 34 inches, you shouldn't hesitate to make it higher or lower depending on your own height. The main thing is that you should feel comfortable while operating the saw.

You Can Get Things Ready For Summer

PORTLAND, Ore. — If spring is the time for yard construction, winter is the time to dream about it. What better way to spend an evening by the fireside than in planning for the advent of spring.

Cold weather does make it hard to imagine blue sky temperatures, but there are ways to conjur up a vision of a hot summer day.

For one, try standing close to the blazing hearth till the heat becomes unbearable and this will bring you to thoughts of outdoor lounging and the need for a patio sunshade.

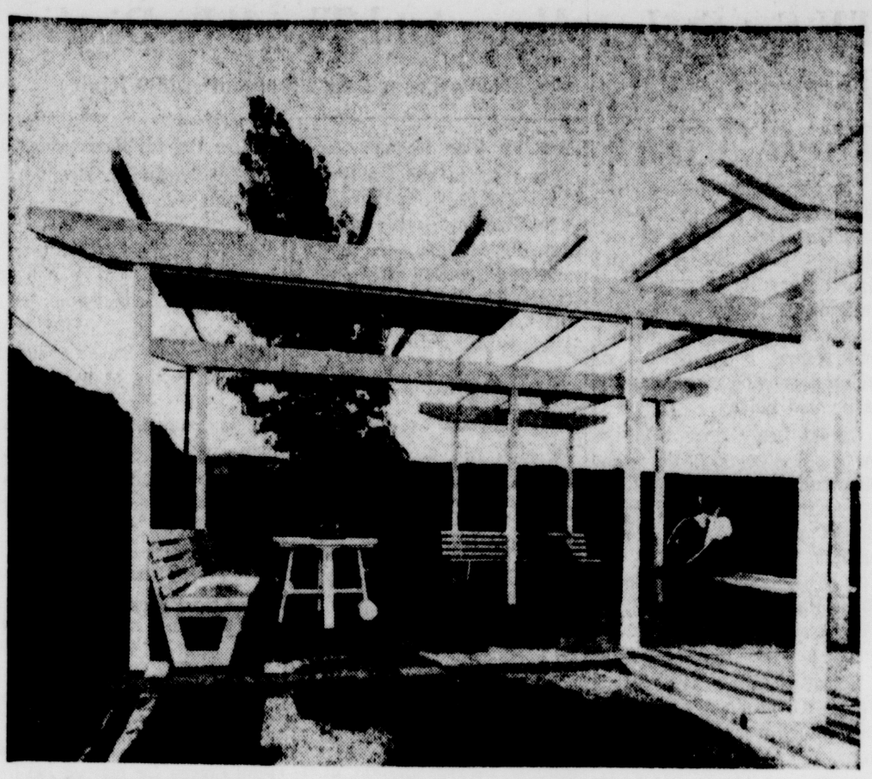

Now, naturally, you don't want to get involved in anything too elaborate construction-wise for the sunshade, so center your creative thoughts on a simple post-and-beam structure. A trellis - style patio roof can provide an amazing quantity of good shade, but it's easy to build and uses only common grades and sizes of fir lumber.

Posts can be 4x4s, the main supporting beams 2x8s. Cross pieces can be 2x4s set on edge for interesting appearance and spaced according to the quantity of shade needed.

For a west or south patio, it's often a good idea to top the 2x4s with 1x4s laid flat and spaced a half-inch apart. This gives dense shade, but also allows good air flow. Or the 2x4s may be used as a trellis for climbing, leafy vines.

Douglas fir takes paint well and a painted surface is often preferred when the home is a traditional style. But for the lowest possible upkeep, the fir sunshade can be left to weather naturally, without finish of any kind. Or it could be stained a light, natural wood shade.

When planning your dream patio for pleasant summertime use, consider extending it into a conversation area, using a T-shape in one corner of the yard. Seating benches can be installed around the T to face each other companionably. A fence or tall hedge around this corner of the yard will keep the area cozy and private.

IF YOU DON'T WANT to get caught in a hot spot come summer, plan a shady trellis installation for a garden corner. Simple system of Douglas fir posts and beams roofs this outdoor room, can also support leafy climbers or sections of slat roof. Add benches to create a conversation circle, and you're set for a party or a private hour of bird watching.

Hints *from* Heloise

— By Heloise Cruse —

Dear Heloise: Try using dishwasher detergent mixed with water to scrub pants, denim seats in baby walkers, jumpers and swings.

I also use dishwashing detergent for the family's sneakers and all the shoelaces. (I shake the shoelaces in a jar, three-fourths full of hot water with some of this detergent added.)

It will soak-clean those "hard-to-reach" vase bottoms, teapot rings, cut glass articles, knick-knacks, etc. It will clean almost anything glass . . . even heavy materials.

Soaking in very hot water is most effective. On materials I use a heavy brush.

Always rinse thoroughly anything that has been washed in dishwasher detergent because some detergents contain various chemicals which might not be safe.

JINNY RANKIN.

-:-

Dear Jinny: I cannot say you are wrong. In fact you have a real bright idea!

I have checked with a National Institute chemist and he says that dishwashing detergent compounds have a different type and kind of cleaning agent than usual laundering detergents.

I do suggest (and so did the chemist) that you rinse your garments well after using this method. Also he agreed that a rinse in vinegar water afterwards . . . will help neutralize any remaining detergent.

Read the directions on the side of the box of dishwashing detergent for details. Especially: "CAUTIONS."

HELOISE.

DEAR HELOISE: Your white nylon net is wonderful to use when I scald vegetables before placing them in my freezer. (I use it for blanching, too.)

The net works better than cheese cloth because the water drains out faster.

I use half a yard of net, place my vegetables in the center, use either safety pins or a rubber band to tie them in securely, and then put the whole thing down into the boiling water.

One can use forceps and easily lift the gathered end of the net out when the vegetables are done. The cloth is sanitary and may be used over and over again.

It's a snap.

E. Mc.

-:-

You little darling!

HELOISE.

DEAR HELOISE: Here is the recipe for old-fashioned sugar starch. This is generally used for hand-crocheted doilies, etc.

Use one-fourth cup of water and three-fourths cup of sugar. I mix this and stir over low heat but do not boil.

Remove from heat when the mixture is clear and it is not sugary any more. Let cool slightly.

Dip the crocheted piece in warm water first and then roll it in a bath towel to absorb as much of the water as possible.

Then dip your crocheted piece in your sugar starch and stretch it to the desired shape. Pat with a cloth to remove excess moisture and let dry thoroughly.

GRANDMOTHER AT 39.

-:-

Gee, you must have been married real young! I don't have a grandbaby yet.

HELOISE.

DEAR HELOISE: Don't throw away those odds and ends of leftover cereals, snacks and crackers even if they are stale. . . .

I save all of mine in a covered glass jar and grind them in my electric blender. They made delightfully different toppings for my favorite casseroles!

Do not be afraid to use your imagination and mix several kinds together. Makes it even better.

MRS. PETER SCHOMER.

DEAR HELOISE: For the unfortunate people who have to drive in the snow and fight the ice in parking lots and driveways, etc., I suggest popping a box of salt in the trunk of your car to have on hand for emergencies.

Sprinkle it on the ice to get your wheels moving. It saves many frayed nerves, and you drive off smoothly!

A box of salt costs just a few cents and by keeping it in the car during the winter for this purpose, it sure saves spinning those wheels and tearing up the tires!

THE OLD SALT.

Dream Kitchen

★ ★ ★ ★ ★ ★

New Principle Is Explained

By VIVIAN BROWN
AP Newsfeatures Writer

After designing 17 lines of kitchens for manufacturers, David Humphrey struck his dream kitchen — approaching the entire kitchen idea from a new principle of rotating drawers and tambour doors.

It's a knock - down, durable, completely utilitarian storage arrangement.

"Box - style cabinets created by cabinetmakers as furniture continued to be used by manufacturers without re-examining problems that required new techniques. New materials were applied to the same old principles of outer boxes and inner boxes, creating a complicated structural system requiring draw guides that must work parallel in order to suspend boxes," he explains.

—:—

FOR ONE thing, with the new knock - down system, a great shipping advantage has been devised. Thirty of these kitchens designed for Orbit Imperial may be shipped on a truck in contrast to about three of the box-style units, he says. Aluminum extrusions and high pressure laminate, textolite, are used.

"Drawers hang on a steel shaft so that everything is hidden when closed, but when opened by a touch, each section swings around. There are quarter circles (on the end), half circles (in the middle section) and three - quarter circles (as on the inside corner of an L). Pull out the drawers and you have an exposed section under it so that everything is accessible for cleaning, even the floors."

The storage gained by this method "is fantastic", he says. Every part of the circle is accessible for visibility. Drawers are of different depths for pots and pans, other kitchen ware and utensils.

"Tambour doors on upper cabinets glide around corners out of sight so that units may be left open until the meal is completed," Humphrey says illustrating the mechanical feature, made possible by elastic running through the plastic slats.

—:—

HUNDREDS OF drawer arrangements may be made because of the modular feature, he points out.

They've come down as far from the ceiling and up so far from the floor in one of these kitchens that only 60 inches is needed from top to bottom of the cabinets.

"We've done everything within the optimum area, so the average woman can reach to the top without standing on her toes, and pick up things below without bending down," he says.

He and Alphonso Villa, his partner, who handles mechanical features, have worked five years on details of the design and have been observing more than 1,800 test kitchens in Puerto Rican homes. The kitchen is made there mainly, with some parts made more economically here.

The drawer designs permit a mixing and matching of colors. One yummy looking kitchen uses six colors; another is in a cool turquoise, pale green and white.

There is an all-beige kitchen with acrylic sliding doors of pale amethyst and green, resembling pebbled glass, another experiment. There are wood - grain kitchens.

Deaths and Funerals

Death Claims Woman At 79

Mrs. Mabel Nellis Adams, 79, widow of Edward C. Adams, died this morning at 4:30 at the Fox Nursing Home in Chester, where she had been a patient five years. She had been in failing health.

Mrs. Adams was born here Sept. 14, 1884, to the late Daniel F. Nellis and Anna Hamilton Nellis. She lived here all her life. Her husband died in April 1935.

She is survived by two daughters, Mrs. William B. Laughlin of East Liverpool, with whom she resided before going to the rest home, and Mrs. Leonore Meleski of Sacramento, Calif.; a son, Edward C. Adams of Fontana, Calif.; a brother, Paul F. Nellis of East Liverpool, nine grandchildren and two - great-grandchildren.

Services will be held Wednesday at 10:30 a. m. at the Dawson Funeral Home by the Rev. Russell Mase of the Emmanuel Presbyterian Church. Burial will be in Riverview Cemetery.

Friends may call at the funeral home Tuesday night.

Mrs. Arthur Wickham

Mrs. Zella Fay Wickham, 66, of Congo, wife of Arthur Wickham, died Sunday at 5 a. m. at City Hospital after a long illness.

She was born in New Cumberland May 3, 1897, to the late William K. Brown and Rosa Stevens Brown. She formerly worked at the Taylor Smith & Taylor Co., and the Homer Laughlin China Co. She was a member of the Chester Church of Christ and the Elwood Farm Women's Club.

She also is survived by three daughters, Mrs. Jewell Godwin of Chester and Mrs. Freda Nelson and Mrs. Viola Doolin, both of Congo; two sons, Elmer Wickham of Wellsville and Virgil Wickham of New Cumberland, 15 grandchildren and two great grandchildren.

Services will be held Wednesday at 2 p. m. at the church by Brother Cecil Dotson of Duffy, Ohio, former pastor of the Chester church. Burial will be in Flats Cemetery at Pughtown.

Friends may call at the family home in Congo this afternoon and evening and Tuesday.

The Welch Funeral Home in Hookstown is in charge of arrangements.

Clarence Lacey

Clarence H. Lacey, 72, of Smiths Ferry, a former employe of the Midland Works of the Crucible Steel Co., died Sunday at 1:15 p. m. at the Oakland Veterans Hospital in Pittsburgh after a lingering illness.

A World I veteran, he was born Feb. 2, 1892, in Negley. He lived in Smiths Ferry for about 27 years. He resided in Indianapolis, Ind., at one time.

He leaves his widow, Mrs. Lenora M. Lacey, at home; three sons, Clarence H. Lacey Jr. of Vanport, John T Lacey of East Liverpool and Fred V. Lacey, stationed at the Travis (Calif.) Air Force Base; a daughter, Miss Lenora Lacey of New York City, and 14 grandchildren.

Services will be held Wednesday at 2:30 p. m. at the Cannon Funeral Home in Midland by the Rev. George H. Bohlender, of the Midland First Presbyterian Church. Burial will be in Oak Grove Cemetery in Industry, where military rites will be conducted by Midland American Legion Post 481.

Friends may call at the funeral home after 7 tonight.

Mrs. Flora Ball

Services were held at 1 p. m. today at the Dawson Funeral Home for Mrs. Flora Moore (Billie) Ball, 61, formerly of Wellsville, who died Friday at 8 p. m. at St. Elizabeth's Hospital in Youngstown after a long illness.

The Rev. M. Rudolph Miller of the Trinity United Presbyterian Church officiated.

Mrs. Ball was born in East Liverpool to the late Freeman E. Moore and O'Lena VanFossen Moore, and resided in Youngstown for the past 12 years. She operated the former Betty Ann Nursing Home in Wellsville. She was a member of the Trinity United Presbyterian Church.

She leaves a daughter, Mrs. William G. Morgan of Akron; two sisters, Mrs. Grace Pusey of Lisbon and Mrs. Carmel Robinson Williamson of Wellsville; two brothers, Samuel Moore of Weirton and Richard Moore of Columbus and two grandchildren.

Harry Dorr

Harry A. Dorr, 80, of Kensington, a retired farmer and general store operator, and husband of Mrs. Besta Reeder Dorr, died Sunday at 6:15 a.m. at his home following a year's illness.

Mr. Dorr was born in Woodsfield Nov. 3, 1883. He lived in Kensington for 53 years, moving from Woodsfield. He was a member of the Kensington Christian Church, Sandy Valley Masonic Lodge of Hanoverton and the Pleasant Heights Grange in Millport. The Dorrs celebrated their 50th wedding anniversary July 15, 1961.

He also leaves a son, Postmaster Roland M. Dorr of Kensington; two daughters, Mrs. William R. Morgan of Kensington and Mrs. Wayne E. Cox of Alliance; a brother, Homer C. Dorr of Kensington; his step - mother, Mrs. Blanche Dorr of Hanoverton, five grandchildren and three great-grandchildren.

Services will be held Wednesday at 2 p. m. at the Maple Funeral Home in Kensington by the Rev. David Wolfgang. Burial will be in the Grove Hill Cemetery in Hanoverton.

Friends may call at the funeral home Tuesday afternoon and night.

Floyd Lancaster

Services were to be held this afternoon at 2 at the Martin Funeral Home for Floyd W. Lancaster, 508 E. 6th St., a millwright at the Midland Works of the Crucible Steel Co., who died suddenly Friday at 3 p. m. at City Hospital. He was 42.

The Rev. Albert Rodenhausen of the First Baptist Church was to officiate. Burial was to be in Columbiana County Memorial Park.

Mr. Lancaster was born March 29, 1921, in New Martinsville and resided in the vicinity for 22 years. He worked last on Feb. 3. He was a member of the Wellsville Eagles Lodge and Steelworkers Local 1212.

He leaves his mother, Mrs. Alice Lancaster of Painesville; a half-brother, Carry Garrett of East Liverpool, and three sisters, Mrs. Forrest Amos, Mrs. John Stephens and Mrs. Fred Haught, all of Painesville.

Mrs. Ellen Deringer

Mrs. Ellen Irene Deringer, 87, of Industry R. D. 1, widow of Daniel Deringer, died early this morning at the home of a daughter, Mrs. Ralph E. (Fern) Graham, after a brief illness.

Mrs. Deringer was born in Ohio Township Oct. 20, 1876, to the late William Reed and Margaret Graham Reed. She lived in the Ohioville area virtually her lifetime, residing for brief periods in Ellwood City and New Brighton. She was a member of the Four - Mile United Presbyterian Church on the Tuscarawas Rd. and its Anna McCune Bible Class. Her husband died in 1941.

In addition to the daughter with whom she resided, she leaves another daughter, Mrs. Paul H. (Ruth) McGaffick of Ohioville, four grandchildren and eight great grandchildren.

Services will be held Wednesday at 2 p. m. at the J. T. Anderson Jr. Funeral Home, 205 College Ave., Beaver. The Rev. Ray A. McCreight will officiate. Burial will be in Highland Cemetery in Ohio Township.

Friends may call at the funeral home after 7 tonight.

King And Queen Crowned

South Side Fete Attended By 1,000

A capacity crowd of over 1,000 attended the annual Mardi Gras of the South Side Citizens Association Saturday night at the South Side School near Hookstown.

Miss Mary Welter and Mickey Dawson, seniors at South Side High, reigned as queen and king. The court consisted of 10 boys and 10 girls chosen from the junior class.

In the float competition, with "Visions In Orbit" as the theme, "Progress in '64" the entry of the seniors of room 12-A was judged as winner of the high school entries. "Milky Way," by Room 18, was named winner of the elementary division.

Second place in the high school division went to "Galaxy Tour" by room 7-B, while third place went to "Miss Venus," by the 9th grade.

"Visitors From Space" by Room 9 took second place in the elementary division, and Kennedy's Dream by Room 13 won third position. There were 15 floats in the competition.

Judges for the float competition were Mrs. Gladys Wilson of Hanover Township, the Rev. Darrel Davis of the Mt. Pleasant United Presbyterian Church, Anthony Pende, Moon Township Elementary School principal, and Dan Heinlen, Moon Township YMCA Director. benville, charged with suspicion of forgery.

State Patrolman R. L. Mills happened onto the suspects on Route 43 and recognized them as the subjects of a radiogram issued Friday by the Stark County sheriff's office and the Canton police department.

According to Canton police, they stole some checks from Alvin McNeely of Canton while they were visiting him Friday. Police said they made out one of the checks to Mikeals for $60 and cashed it at the Canton National Bank after forging McNeely's signature.

After they left the bank, the teller became suspicious and checked the signature with a card left by McNeely at the bank. Police were contacted. McNeeley confirmed his name had been forged. The alert was broadcast for their arrest.

License Penalty Due Gov. Rhodes Relative

COLUMBUS, Ohio (AP)—The Ohio Liquor Control Commission has suspended for 14 days the liquor license of Ronald C. Rawlins, brother - in-law of Gov. James A. Rhodes.

The suspension, for Don's Inn, on Columbus' East Side, is effective Feb. 26.

TV Set Stolen Twice In City Theft 'Mixup'

The old adage about no honor among thieves proved out today as police related how a 22-year-old city man, bound to the Grand Jury for breaking and entering a beer distributor's warehouse, admitted stealing and selling a television set which a juvenile previously had taken and hidden.

Gerald Lee Grimm, 213 Union St., was bound to the Grand Jury under a $1,000 bond today by Acting Municipal Judge Robert A. Kapp on a charge of breaking and entering the Iron City Distributing Co. warehouse, 10 S. Market St., last Sept. 17. Four cases of beer were stolen, police said.

Represented by Atty. W. S. Foulks, Grim pleaded not guilty and waived a preliminary hearing.

An 18-year-old now serving 60 days in the County Jail for auto theft is implicated in the breaking and entering, Capt. Robert H. Pyle said.

Capt. Pyle said Grimm also admitted stealing a portable 19-inch television and selling it to a TV shop in the city.

Grimm took the set from the auto of Raymond Adkins of W. 7th St. after a 17-year-old W. 7th St. youth stole the set from Adkins' apartment and hid it in his car. Adkins was serving time in the County Jail when the set originally was stolen, Capt. Pyle said.

The 17-year-old now is in the County Jail awaiting a hearing in Juvenile Court. Taken into custody Friday, he inflicted multiple superficial wounds on his left forearm with a piece of glass he said he found in his cell.

He was treated at City Hospital and then returned to the city jail before being transferred to Lisbon.

Grimm also has admitted breaking into the garage of Frank Hancock on E. 2nd St. last October and stealing a radio from his auto, Capt. Pyle said.

Pennsylvania will be reminded of the event by telephone calls.

Community bus firms will maintain service as usual until 8:30 Thursday night to help transport crowds of shoppers.

For those who drive, ELMA cited the availability of parking lots in the business district. There are two metered municipal lots on W. 6th St. near City Hall, two more at 3rd and Market Sts. and another on E. 4th St., site of the former Ceramic Theater. There are several privately - operated lots, including those on W. 5th St. and at Walnut and E. 6th Sts.

Dollar Day events date back more than 40 years. The first sale, held in 1917, was such a success that businessmen voted to hold two each year.

Schools Eye Integration At Cleveland

CLEVELAND (AP) — The Cleveland Board of Education was expected to approve today the integration of Negro pupils transported by bus to three predominantly white public schools.

The proposal, demanded by civil rights groups, is aimed at ending the dispute which brought this city its worst racial flareup in recent years.

However, the newly formed Mayfield - Murray Hill District Council has objected to the proposal, saying that integration at the Murray Hill Elementary School is unwarranted and unnecessary. Murray Hill is one of the three predominantly white schools involved in the dispute.

Council officers planned to see School Board President Ralph A. McAllister today. The School Board was to meet late this afternoon.

Murray Hill, in the Little Italy district on Cleveland's East Side, receives daily 288 pupils transported from heavily overcrowded Hazeldell school, which is in a predominantly Negro neighborhood.

The bus - transported pupils have been segregated in classroom units at the three receiving schools, a policy that was set when the transportation program started two years ago. Demands that they be mixed with the other pupils triggered the current dispute.

A near riot developed in Little Italy Jan. 30 over plans of the United Freedom Movement to picket Murray Hill School. Club-wielding youths smashed windows of some cars carrying Negroes and beat two Negroes.

The day-long violence was followed by a series of demonstrations by civil rights groups at School Board headquarters. The mayor intervened in the dispute, and after a meeting at City Hall McAllister announced last Tuesday that five of the seven board members had agreed unofficially to immediate integration.

The Maltese Islands are considered the most densely populated in the world.

Kennedy Fund Nears $1 Million From Gifts

BOSTON (AP) — Nearly $1 million has been contributed to the proposed John F. Kennedy Memorial Library.

The Merchants National Bank, which is receiving donations, said the total reached $979,215 last weekend.

The $10 million library will house the assassinated President's papers and correspondence. It will be built adjacent to the Harvard Business school.

The bank said the contributions range from $250,000 from a charitable fund to 11 cents.

George Washington bathed at Berkeley Springs, in present - day West Virginia, in 1748 and was so pleased he built a cottage nearby.

Schools Eye Integration At Cleveland

CLEVELAND (AP) — The Cleveland Board of Education was expected to approve today the integration of Negro pupils transported by bus to three predominantly white public schools.

The proposal, demanded by civil rights groups, is aimed at ending the dispute which brought this city its worst racial flareup in recent years.

However, the newly formed Mayfield - Murray Hill District Council has objected to the proposal, saying that integration at the Murray Hill Elementary School is unwarranted and unnecessary. Murray Hill is one of the three predominantly white schools involved in the dispute.

Council officers planned to see School Board President Ralph A. McAllister today. The School Board was to meet late this afternoon.

Murray Hill, in the Little Italy district on Cleveland's East Side, receives daily 288 pupils transported from heavily overcrowded Hazeldell school, which is in a predominantly Negro neighborhood.

The bus - transported pupils have been segregated in classroom units at the three receiving schools, a policy that was set when the transportation program started two years ago. Demands that they be mixed with the other pupils triggered the current dispute.

A near riot developed in Little Italy Jan. 30 over plans of the United Freedom Movement to picket Murray Hill School. Club-wielding youths smashed windows of some cars carrying Negroes and beat two Negroes.

The day-long violence was followed by a series of demonstrations by civil rights groups at School Board headquarters. The mayor intervened in the dispute, and after a meeting at City Hall McAllister announced last Tuesday that five of the seven board members had agreed unofficially to immediate integration.

The Maltese Islands are considered the most densely populated in the world.

Kennedy Fund Nears $1 Million From Gifts

BOSTON (AP) — Nearly $1 million has been contributed to the proposed John F. Kennedy Memorial Library.

The Merchants National Bank, which is receiving donations, said the total reached $979,215 last weekend.

The $10 million library will house the assassinated President's papers and correspondence. It will be built adjacent to the Harvard Business school.

The bank said the contributions range from $250,000 from a charitable fund to 11 cents.

George Washington bathed at Berkeley Springs, in present - day West Virginia, in 1748 and was so pleased he built a cottage nearby.

"Mother, can't you stop Dad—He's trying to cheer me up."

Today In History

By The Associated Press

Today is Monday, Feb. 10, the 41st day of 1964. There are 325 days left in the year.

Today's highlight in history:

On this date in 1763, the Treaty of Paris was signed at the close of the French and Indian War. France ceded Canada to England under terms of the pact.

On this date:

In 1846, the Mormons began their exodus from Nauvoo, Illinois.

In 1855, Congress granted rights of U.S. citizenship to citizens' children born in a foreign country.

In 1937, the House of Representatives approved the Sumners Bill permitting Supreme Court justices to retire with full pay at the age of 70.

In 1939, the Japanese occupied Hainan Island off the southern coast of China.

In 1947, the Supreme Court upheld the Hatch Act banning political activity by federal employes and by state employes paid with federal funds.

Ten years ago — The Eisenhower administration announced a policy of banning cash sales of government-owned surplus farm products to Russia and its satellites.

Five years ago — The U.S. government raised the possibility that the Soviet Union sometimes used false radio signals to lure American military pilots off course and into Communist territory.

One year ago—The Russian Communist party expressed readiness to meet Chinese Communist party officials at any level any time to discuss ideological differences.

Junior Editors Quiz on SAGAS

QUESTION: How did sagas come to be written?

★ ★ ★

ANSWER: On many a winter evening long ago, Norse families grouped around the roaring fires, which in their dwellings were often in the middle of the room, and listened to stories about great heros or legends of the Scandinavian gods. These stories were the sagas, either sung or told, often by special singers called "skalds."

In the 800's and 900's A. D. the Vikings plundered Europe and then settled down to colonize Iceland. Many of the finest sagas developed in Iceland during this period. Such were the famous written sagas of Snorri Sturlusen, composed during the 1200's, which tell us so much about Scandinavian poetry, history and mythology. Other Icelandic sagas give fascinating details about Leif Ericson's trip to Vinland the Good, or America, in A. D. 1003. Although they are not always historically accurate, the sagas give us a vivid idea of life in the Viking days, and of the ideal of courage which inspired the Norsemen to deeds of extreme daring.

★ ★ ★

FOR YOU TO DO: Can you guess where it was Leif Ericson really landed in America and staved for a while—Maine, Cape Cod, or further South? Recently, remains have been found which experts say pinpoint the location. It is an isolated area in the northern part of Newfoundland.

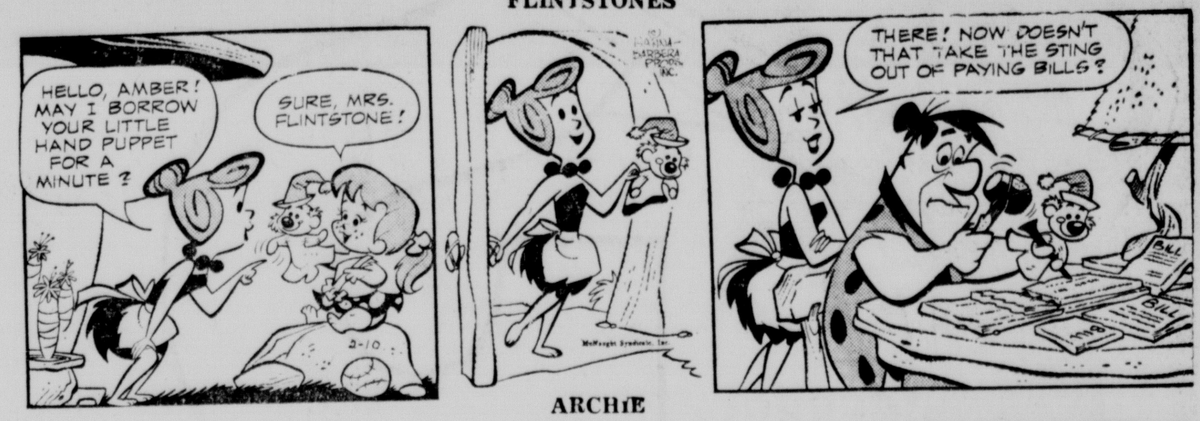

★ ★ ★

Karen Adams of Chattanooga, Tenn., wins today's grand prize of a 20-volume set of the World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of The Review and you too may win a set.
